The violin player ,1995 *The Methods of Bioethics* John McMillan,2018-11-30 This is the first book in bioethics that explains how it is that you actually go about doing good bioethics Bioethics has made a mistake about its methods and this has led not only to too much theorizing but also fragmentation within bioethics The unhelpful disputes between those who think bioethics needs to be more philosophical more sociological more clinical or more empirical continue While each of these claims will have some point they obscure what should be common to all instances of bioethics Moreover they provide another phantom that can lead newcomers to bioethics down blind alleyways stalked by bristling sociologists and philosophers The method common to all bioethics is bringing moral reason to bear upon ethical issues and it is more accurate and productive to clarify what this involves than to stake out a methodological patch that shows why one discipline is the most important This book develops an account of the nature of bioethics and then explains how a number of methodological spectres have obstructed bioethics becoming what it should In the final part it explains how moral reason can be brought to bear upon practical issues via an empirical Socratic approach **The Ethics of Death** Lloyd H. Steffen,Dennis R. Cooley,2014 For the

living death has a moral dimension When we confront death and dying in our own lives and in the lives of others we ask questions about the good right and fitting as they relate to our experiences of human mortality When others die the living are left with moral questions questions that often generate personal inquiry as to whether a particular death was good or whether it was tragic terrifying or peaceful In *The Ethics of Death* the authors one a philosopher and one a religious studies scholar undertake an examination of the deaths that we experience as members of a larger moral community Their respectful and engaging dialogue highlights the complex and challenging issues that surround many deaths in our modern world and helps readers frame thoughtful responses Unafraid of difficult topics Steffen and Cooley fully engage suicide physician assisted suicide euthanasia capital punishment abortion and war as areas of life where death poses moral challenges
