Jihad & Co. Aisha Ahmad,2017-08-04 For two decades militant jihadism has been one of the world s most pressing security crises In civil wars and insurgencies across the Muslim world certain Islamist groups have taken advantage of the anarchy to establish political control over a broad range of territories and communities In effect they have built radical new jihadist proto states Why have some ideologically inspired Islamists been able to build state like polities out of civil war stalemate while many other armed groups have failed to gain similar traction What makes jihadists win In Jihad Co Aisha Ahmad argues that there are concrete economic reasons behind Islamist success By tracking the economic activities of jihadist groups in Afghanistan Somalia Pakistan Mali and Iraq she uncovers an unlikely actor in bringing Islamist groups to power the local business community To illuminate the nexus between business and Islamist interests in civil war Ahmad journeys into war torn bazaars to meet with both jihadists and the smugglers who financed their rise to power From the arms markets in the Pakistani border region to the street markets of Mogadishu their stories reveal a powerful economic logic behind the rise of Islamist power in civil wars Behind the fiery rhetoric and impassioned ideological claims is the cold hard cash of the local war economy Moving readers back and forth between mosques marketplaces and battlefields Ahmad makes a powerful argument that economic savvy as much as ideological fervor explains the rise of militant jihadism across the modern Muslim world

Warlords Kimberly Marten,2012-06-10 Warlords are individuals who control small territories within weak states using a combination of force and patronage In this book Kimberly Marten shows why and how warlords undermine state sovereignty Unlike the feudal lords of a previous era warlords today are not state builders Instead they collude with cost conscious corrupt or frightened state officials to flout and undermine state capacity They thrive on illegality relying on private militias for support and often provoke violent resentment from those who are cut out of their networks Some act as middlemen for competing states helping to hollow out their own states from within Countries ranging from the United States to Russia have repeatedly chosen to ally with warlords but Marten argues that to do so is a dangerous proposition Drawing on interviews documents local press reports and in depth historical analysis Marten examines warlordism in the Pakistani tribal areas during the twentieth century in post Soviet Georgia and the Russian republic of Chechnya and among Sunni militias in the U S supported Anbar Awakening and Sons of Iraq programs In each case state leaders some domestic and others foreign created tolerated actively supported undermined or overthrew warlords and their militias Marten draws lessons from these experiences to generate new arguments about the relationship between states sovereignty local power brokers and stability and security in the modern world

her faculty position at the University of California Irvine to train and then deploy as a cultural advisor with two U S Army combat units in Afghanistan Her account begins with the U S Army s four month training program for cultural advisors follows her deployment much of it on missions to remote and volatile areas far from brigade headquarters and concludes with her uneasy return home She examines the everyday lives of Americans sent to conduct a war of counterinsurgency including their sexual exploits on base their superstitions even the heroic accounts that military contractors recount in their personal stories of past wars stories that are sometimes a little too good to be true In turn she explores the views of ordinary Afghans to this American occupation

State Failure and State Weakness in a Time of Terror Robert I. Rotberg, 2004-05-13 The threat of terror which flares in Africa and Indonesia has given the problem of failed states an unprecedented immediacy and importance In the past failure had a primarily humanitarian dimension with fewer implications for peace and security Now nation states that fail or may do so pose dangers to themselves to their neighbors and to people around the globe preventing their failure and reviving those that do fail has become a strategic as well as a moral imperative State Failure and State Weakness in a Time of Terror develops an innovative theory of state failure that classifies and categorizes states along a continuum from weak to failed to collapsed By understanding the mechanisms and identifying the tell tale indicators of state failure it is possible to develop strategies to arrest the fatal slide from weakness to collapse This state failure paradigm is illustrated through detailed case studies of states that have failed and collapsed the Democratic Republic of the Congo Sierra Leone the Sudan Somalia states that are dangerously weak Colombia Indonesia Sri Lanka Tajikistan and states that are weak but safe Fiji Haiti Lebanon

Warlord Survival Romain Malejacq, 2020-01-15 How do warlords survive and even thrive in contexts that are explicitly set up to undermine them How do they rise after each fall Warlord Survival answers these questions Drawing on hundreds of in depth interviews in Afghanistan between 2007 and 2018 with ministers governors a former vice president warlords and their entourages opposition leaders diplomats NGO workers and local journalists and researchers Romain Malejacq provides a full investigation of how warlords adapt and explains why weak states like Afghanistan allow it to happen Malejacq follows the careers of four warlords in Herat Sheberghan and Panjshir Ismail Khan Abdul Rashid Dostum Ahmad Shah Massoud and Mohammad Qasim Fahim He shows how they have successfully negotiated complicated political environments to survive ever since the beginning of the Soviet Afghan war The picture he paints in Warlord Survival is one of astute political entrepreneurs with a proven ability to organize violence Warlords exert authority through a process in which they combine instrumentalize and convert different forms of power to prevent the emergence of a strong centralized state But as Malejacq shows the personal relationships and networks fundamental to the authority of Ismail Khan Dostum Massoud and Fahim are not necessarily contrary to bureaucratic state authority In fact these four warlords and others like them offer durable and flexible forms of power in unstable violent countries

Rethinking the Economics of War Cynthia J. Arnson, I. William Zartman, 2005-10-12 This collection of essays questions the adequacy of

Sleeping Dragon, Rising Sun Craig Cartmell, Charles Murton, 2014-06-20 China the greatest empire the world had ever known is weak and divided after a series of humiliating defeats in the Opium Wars and the divine Empress court harbours many who deeply resent the westerners who inflicted and now take advantage of these losses. Japan on the other hand has embraced the West with open arms. After centuries of isolation the Japanese now march forwards and accept technologies that a few decades before would have been regarded as witchcraft. Possessed of the East's most modern army Japan now looks avariciously towards its neighbours. The next decade will decide whether the ancient empires of the East survive or are washed away and every one of the Great Powers wants their slice.

Bleeding Afghanistan Sonali Kolhatkar, James Ingalls, 2011-01-04 Through in-depth research and detailed historical context Sonali Kolhatkar and James Ingalls report on the injustice of U.S. policies in Afghanistan historically and in the post 9/11 era. Drawing from declassified government documents and on the ground interviews with Afghan activists, journalists, lawyers, refugees and students *Bleeding Afghanistan* examines the connections between the U.S. training and arming of Mujahideen commanders and the subversion of Afghan democracy today. *Bleeding Afghanistan* boldly critiques the exploitation of Afghan women to justify war by both conservatives and liberals, analyzes uncritical media coverage of U.S. policies and examines the ways in which the U.S. benefits from being in Afghanistan.

There's another jungle war and Justin's forces rout the Golomon forces. Justin goes to the Association of Nations people in Mervon. There's a considerable flap about stolen trains. Justin flim-flams the President of the Association of Nations and lets the President know that there will probably be trouble in Golomon. The trouble will involve Justin's Voya people and Justin will
