Come Quickly Elaine Hensley Ph.D. L.Ac., 2019-06-06 Turn off your phone and TV Find a quiet place and listen God is trying to speak to you Look for Him seek His face and listen If God were trying to speak to you right now what would He say Do you know how much I love you Do you trust Me Come to Me come back Come quickly and follow Me Do not look to the right or to the left Keep your eyes on Me I believe God in one way or another speaks to us daily if we learn how to communicate with Him You want to just dismiss it right I can hear you saying God only spoke to people in the Bible I don't believe God uses a burning bush or angel every time He wants to convey a message God is everywhere He can communicate in in any way and as often as He chooses However who says God spoke to them these days They are either lying or crazy Well I say to you okay have it your way and don't believe Then don't be surprised when you dream about something totally odd one night and can't help but wonder if it was just a dream or a message from God trying to talk to you If he can't get your attention one way He will get it another Do yourself a favor and pay attention the first time Why is He speaking to us

Freedom All The Way Up Christian J. Barrigar, 2017-05-19 Freedom All The Way Up proposes four intertwined elements

that make up the meaning of life self worth purpose identity and hope Materialism atheism claim the universe has no meaning so there is no larger purposeful story into which we can place ourselves we are left on our own to construct meaning for our lives Barrigar argues though that the universe possess God s meaning and purpose to provide the space and conditions by which to bring about the existence of agape capable beings in agape loving relationships with God and with others In effect the universe is a great freedom system designed by God with freedom built in all the way up from the Big Bang to the emergence of big brains and free will Barrigar describes the emergence of this system through his novel agape probability account of God s design for the universe which integrates such disciplines as quantum physics statistical mechanics probability theory evolutionary psychology neuroscience and game theory This system sets up the conditions for a fundamental choice between autonomous freedom which focuses principally on self and agapic freedom which focuses principally on God and on others Materialism chooses autonomous freedom but thereby introduces nihilism into each of the elements of meaning In turns out that nihilism is a much greater problem for Materialism than suffering is for Theism In contrast agapic freedom infuses self worth purpose identity and hope with God s agape love dispelling Materialism s inherent nihilism Freedom All The Way Up provides a dramatic new proposal for God and the meaning of life in our scientific and humanist age

Be Ye Transformed Chuck Missler, Nancy Missler, 1996-05 Be Ye Transformed is a must read for anyone who wants to see a positive change in their Christian walk it not only teaches us how to make every thought captive renew our minds and put on the Mind of Christ it also contains an expansion of Nancy s original model of the human personality i.e. the hidden chambers which she meticulously crafted from the scriptural pattern of Solomon s Temple Practical field tested examples from years of ministry makes Be Ye Transformed a classic Christian work William P. Welty M.D. **God so Loved...** Steve Ink, 2015-05-05 John 3:16 is perhaps the most popular verse in the entire Bible It provides us with a concise description of God s motivation and action that leads to the hope of the eternal abundant life promised through Christ It is the Gospel proclaimed in one brief sentence In God So Loved this powerful verse is broken down so that each concept of the whole can be examined explored and personalized Author Steve Ink examines who God is what God has done and how we should live our lives in response This book is written for those seeking to learn about and gain a better understanding of the good news of Jesus Christ The main text of the book provides an overview of the Christian message as seen through Ink s personal experiences The notes provide supportive information for those who want to learn more **A Place for Every... One** Rose Gardunio, 2018-07-24 Have you ever felt like you do not belong here Like this world is not your home If so you will identify with the author as she shares deep questions she pondered from childhood After a series of tragic events followed by years of grief Rose finds answers given by the Lord that are both comforting and encouraging The Lord imparts these insights using the analogy of each of our lives to our heavenly home Although all homes have similar rooms with similar purposes their design and furnishings are different In the same way many lessons are universal yet we are still each unique

and in need of the Lord's words spoken to us individually Throughout this book Rose shares universal lessons while encouraging others to seek God's words to them alone The good news given to all of us is that in God's kingdom there is a place for every one *The Wisdom of the Liminal* Celia Deane-Drummond, 2014-10-30 In this book Celia Deane Drummond charts a new direction for theological anthropology in light of what is now known about the evolutionary trajectories of humans and other animals She presents a case for human beings becoming fully themselves through their encounter with God after the pattern of Christ but also through their relationships with each other and with other animals Drawing on classical sources particularly the work of Thomas Aquinas Deane Drummond explores various facets of humans and other animals in terms of reason freedom language and community In probing and questioning how human distinctiveness has been defined using philosophical tools she engages with a range of scientific disciplines including evolutionary biology biological anthropology animal behavior ethology and cognitive psychology The result is a novel deeply nuanced interpretation of what it means to be distinctively human in the image of God *The Transforming Fire of Divine Love* John H. Armstrong, 2025-03-01 Most Bible readers know God is love 1 John 4:8-16 And most have heard the words of John 3:16 God so loved the world perhaps the best known verse in the entire Bible But few readers realize that these are perhaps the most daring verses in all the Scripture Why They tell us who God is and why we can trust him Yet very few Christians realize how much of what they believe about the nature of God is rooted in ideas foreign to divine love How did this happen What can be done to change how we can relate to the God who is perfect and inexhaustible love John Armstrong shares a deeply personal story of his long slow journey to know and experience God as a compassionate and loving Father As a pastor trained in evangelical theology he came to know and experience the teaching of the whole church about God thus the story he tells will inform how you can know the God who is amazing love This readable primer will help you develop a doctrine that can free you from guilt fear and many misconceptions we have about God You will see that what you believe about God will truly affect everything else you believe *Mindful Spirituality* Duncan S. Ferguson, 2018-02-28 The world contrary to popular understanding is not less religious but in many ways more religious than ever Two issues seem to be emerging in this resurgence One is the need for a spiritual center that gives integration a sense of inner peace ethical guidance and meaning and direction in life It is present in most of the world's great religious traditions and present elsewhere as humans seek to find their way in a confusing conflicted and rapidly changing world Accompanying this quest for a deeper spirituality is the God question and a desire to understand the divine in new ways that match a contemporary worldview This book *Mindful Spirituality* invites the reader to find a thoughtful credible and satisfying way to address these two major concerns While starting within a Christian frame of reference the book is not exclusive but ecumenical and interfaith in spirit It is especially helpful to those with no set spiritual pathway and those disenchanted with traditional approaches that seem out of date and for another era In a deep and sacred way it invites the reader to reach upward for a thoughtful way of understanding

transcendence to open inward for a mature and gratifying spirituality and to expand outward in responsible and loving service

The Unfair Advantage Dr. Harold L. Arnold Jr. ,2016-09-13 [Dostoevsky's Legal and Moral Philosophy](#) Raymond Angelo Belliotti,2016-11-28 This work closely examines the trial of Dmitri Karamazov as the springboard to explaining and critically assessing Dostoevsky's legal and moral philosophy The author connects Dostoevsky's objections to Russia's acceptance of western juridical notions such as the rule of law and an adversary system of adjudication with his views on fundamental human nature the principle of universal responsibility and his invocation of unconditional love Central to Dostoevsky's vision is his understanding of the relationship between the dual human yearnings for individualism and community In the process the author related Dostoevsky's conclusions to the thought of Plato Augustine Anselm Dante Kierkegaard Schopenhauer Nietzsche and Sartre Throughout the work the author compares contrasts and evaluates Dostoevsky's analyses with contemporary discussions of the rule of law the adversary system and the relationship between individualism and communitarianism

Visions of Agapé Craig A. Boyd,2008 This book brings together philosophical and theological perspectives on agapistic love The aim of the text is to illuminate the nature of unlimited love by distinct and integrative approaches to the intersection of the divine and the human Various scientific approaches to human forms of love seem to shed light on our nature as social beings But to what extent are the natural desires for affection sexual love and friendship augmented revised perfected or replaced by the gift of grace In other words we can ask how is it that agap modifies or shapes the natural loves To date there is no text available that brings scholars from various theological and philosophical backgrounds together to engage in interdisciplinary dialogue on this important and much neglected aspect of research into the human and divine loves This book offers a significant attempt to remedy the situation

The Oxford Handbook of Theology, Sexuality, and Gender Adrian Thatcher,2015 The Oxford Handbook of Theology Sexuality and Gender presents an unrivalled overview of the theological study of sexuality and gender These topics are not merely contentious and pervasive they have escalated in importance within theology Theologians increasingly agree that even the very doctrine of God cannot be contemplated without a prior grappling with each Featuring 41 newly commissioned essays written by some of the foremost scholars in the discipline this authoritative collection presents and develops the latest thinking in these areas Divided into eight thematic sections the Handbook explores methodological approaches contributions from neighbouring disciplines sexuality and gender in the Bible and in the Christian tradition controversies within the churches and within four of the non Christian faiths and key concepts and issues The final extended section considers theology in relation to married people and families gay and lesbian people bisexual people intersex and transgender people disabled people and to friends This volume is an essential reference for students and scholars which will also stimulate further research

Minority Reports Mark Klitsie,2016-06-03 The stuff that comes after modernism isn't all bad Postmodernism not needing everything to be buttoned up can leave things dangling it can pay attention to the obscure marginal and particular The postmodern

dynamic invites one to revisit biblical texts that do not fit into tidy cherished theological constructs I call these texts the minority reports Popular theology infers that God is just pretending when he changes his mind or gets frustrated saddened and affected by humans this understanding is guided by concepts of God's omni attributes But these wise and well intentioned concepts fail to portray a God who will not be domesticated Certain biblical narratives trace YHWH's hiddenness suffering changeability and hostility this awkward shadow side of YHWH is sometimes selectively overlooked The fear of God is gone Instead we have the ever tolerant universal God who is in danger of evaporating into spirit light and love As a theologian I use Hebrew block logic competing truths in the Bible are kept intact synthesis isn't necessarily sought God chooses us and we choose God God is self sufficient all powerful and all knowing needing no creature Yet he chooses to limit his omni ness in the human arena and makes himself vulnerable to humans He hyphenates his name with Abraham Isaac Jacob and the church at a risk

Justice in Love Nicholas Wolterstorff, 2015-05-15 **The Asymptote of Love** James Kellenberger, 2018-10-16

Discusses the complexities and paradoxes of love as represented in the history of Western philosophy and Christianity In *The Asymptote of Love* James Kellenberger develops a theory of religious love that resists essentialist definitions of the term and brings into conversation historical debates on love in Western philosophy and Christian theology He argues that if love can be likened to a mathematical asymptote which is a straight line that infinitely approaches a curve but never quite reaches it then the asymptote of love reaches toward the infinite endpoint of love at its uttermost namely God's love Drawing upon a broad range of thinkers who have put forth classic debates on love such as St Augustine of Hippo Anders Nygren and St Thomas Aquinas as well as some lesser known figures in the debate such as Leo Tolstoy and Albert Schweitzer Kellenberger explains the profound connection between human agape and God's infinite love in its capacity to offer both directive guidance and to exist beyond human conception The widening of the circle of love is a rather novel contribution both from the author and from the twentieth century in general For this reason alone the book stands out in contemporary publishing Joeri Schrijvers author of *Between Faith and Belief Toward a Contemporary Phenomenology of Religious Life*
