Chang,2022-08-31 In the late nineteenth century Spain s most prominent writers Juan Valera Leopoldo Alas and Benito P rez Gald s made blood a crucial feature of their fiction Blood Novels examines the cultural and literary significance of blood unsettling the dominant assumption of the period that blood no longer played a decisive role in social hierarchies By examining fictional works through the rubric of blood novels Julia H Chang identifies a shared fascination with blood that

probes the limits of realism through blood's dual nature of matter and metaphor. Situating the literature within broader cultural and theoretical debates, *Blood Novels* attends to the aesthetic contours of material blood and in particular how bleeding is inflected by gender, caste, and race. Critically engaging with feminist theory, theories of race and whiteness, literary criticism, and medical literature, this innovative study makes a case for treating blood as a critical analytic tool that not only sheds new light on Spanish realism but more broadly challenges our understanding of gendered and racialized embodiment in Spain.

The Boy Who Loved Anne Frank: A Novel Ellen Feldman, 2006-05-17. An appealing and inventive novel, original and cathartic. Dana Kennedy, *New York Times*. On February 16, 1944, Anne Frank recorded in her diary that Peter, whom she at first disliked and eventually came to love, had confided to her that if he got out alive he would reinvent himself entirely. This novel is the story of what might have happened if the boy in hiding had survived to become a man. Peter arrives in America, the land of self-creation, and passes as a Christian. Successful in business and rich in love in the boom years of the 1950s, he thrives in the present, plans for the future, and has no past. But there is a cost to his charade. When *The Diary of a Young Girl* is published to worldwide acclaim, it triggers paralyzing memories of his experiences in the secret annex in Amsterdam. The diary is his story too, and once the floodgate of memory opens, his life spirals out of control. Based on extensive research of Peter van Pels and the strange and disturbing life Anne Frank's diary took on after her death, this is a novel about the memory of death, the death of memory, and the inescapability of the past. Reading group guide included.
