

THE WENCH IS DEAD

By FREDRIC BROWN

Author of His Name Was Death

Howard Perry paid three dollars a week for his room off Main Street, Los Angeles. He washed dishes to keep him in wine money. He had a girl, Billie, a B-Girl, who called him Professor because he talked differently from other fellows she knew. But Howie wasn't really a wino and a bum — not yet. He was a teacher from Chicago, working for a degree in Sociology. He wanted to know how the other half lived. He found out on Main Street. And he became part of this life in a way he had not bargained for.

When big blonde Mame, bartender at a nightclub, was murdered, Billie knew that Howie had been the last to see her alive. But she lied about it to the cops. When the murderer struck again, Howie began getting ideas but if he told the police, Billie would be up for perjury. So he worked it out himself, the best he could.

The Wench Is Dead is no ordinary whodunit. Steeped in atmosphere, skillfully narrated in Fredric Brown's sparkling style and with his flair for the unusual, this is a condensed tour through Skid Row with personal introductions to the people who live — and die there.

Wench is Dead Colin Dexter, 2001 **The Drowned Muse** Anne-Gaëlle Saliot, 2015 *The Drowned Muse* is a study of the extraordinary destiny in the history of European culture of an object which could seem at first glance quite ordinary in the history of European culture It tells the story of a mask the cast of a young girl's face entitled *L Inconnue de la Seine* the Unknown Woman of the Seine and its subsequent metamorphoses as a cultural figure Legend has it that the Inconnue drowned herself in Paris at the end of the nineteenth century The forensic scientist tending to her unidentified corpse at the Paris Morgue was supposedly so struck by her allure that he captured in plaster the contours of her face This unknown girl also called *The Mona Lisa of Suicide* has since become the object of an obsessive interest that started in the

late 1890s reached its peak in the 1930s and continues to reverberate today Aby Warburg defines art history as a ghost story for grown ups This study is similarly a ghost story for grown ups narrating the aura of a cultural object that crosses temporal geographical and linguistic frontiers It views the Inconnue as a symptomatic expression of a modern world haunted by the earlier modernity of the nineteenth century It also investigates how the mask s metamorphoses reflect major shifts in the cultural history of the last two centuries approaching the Iconnue as an entry point to understand a phenomenon characteristic of 20th and 21st century modernity the translatability of media Doing so this study mobilizes discourses surrounding the Inconnue casting them as points of negotiation through which we may consider the modern age In the Beginning Mary Jean DeMarr,1995 Others concentrate more on analysis of the subject novel itself indicating more briefly how that book relates to those which follow it Some discuss such questions as what exactly is the first novel in some rather complex series and in several cases more than one initiating book is discussed No attempt has been made to include consideration of a representative sample of the various types of detective series but a variety of authors is covered ranging from such classics as Agatha Christie Rex Stout and Dorothy L Sayers to more recent authors like James McClure Joseph Hansen and Colin Dexter **Enslaved Women in America** Daina Ramey Berry Ph.D.,Deleso A. Alford,2012-06-12 This singular reference provides an authoritative account of the daily lives of enslaved women in the United States from colonial times to emancipation following the Civil War Through essays photos and primary source documents the female experience is explored and women are depicted as central rather than marginal figures in history Slavery in the history of the United States continues to loom large in our national consciousness and the role of women in this dark chapter of the American past is largely under examined This is the first encyclopedia to focus on the daily experiences and roles of female slaves in the United States from colonial times to official abolition provided by the 13th amendment to the Constitution in 1865 Enslaved Women in America An Encyclopedia contains 100 entries written by a range of experts and covering all aspects of daily life Topics include culture family health labor resistance and violence Arranged alphabetically by entry this unique look at history features life histories of lesser known African American women including Harriet Robinson Scott the wife of Dred Scott as well as more notable figures *The Wench is Dead* Roger MILES (Novelist.),1966
