The Great European Stage Directors Volume 3 Jonathan Pitches, 2021-10-07 This volume examines the work of directors Jacques Copeau Theodore Komisarjevsky and Tyrone Guthrie It explores in detail many of the directors key productions including Copeau's staging of Molière's *The Tricks of Scapin* Komisarjevsky's signature season of Chekhov plays at the Barnes Theatre and Guthrie's pioneering direction of Shakespeare's plays in North America This study argues that their work exemplifies the complexity and novelty of the role of theatre directing in the first three quarters of the 20th century as Komisarjevsky was in the middle of the genesis of directing in Russia Copeau launched his directorial career just as the role was gaining definition and Guthrie was at the vanguard of directing in Britain at last shaking off the traditions of the actor manager to formulate the new role of artistic director

Against the Modern World Mark Sedgwick, 2004-06-03 The first history of Traditionalism an important yet surprisingly little known twentieth century anti modern movement Comprising a number of often secret but sometimes very influential religious groups in the West and in the Islamic world it affected mainstream and radical politics in Europe and the development of the field of religious studies in the United States In the nineteenth century at a time when progressive intellectuals had lost faith in Christianity's ability to deliver religious and spiritual truth the West discovered non Western religious writings From these beginnings grew Traditionalism emerging from the occultist milieu of late nineteenth century France and fed by the widespread loss of faith in progress that followed the First World War Working first in Paris and then in Cairo the French writer René Guénon rejected modernity as a dark age and sought to reconstruct the Perennial Philosophy the central religious truths behind all the major world religions largely on the basis of his reading of Hindu religious texts A number of disenchanted intellectuals responded to Guénon's call with attempts to put theory into practice Some attempted without success to guide Fascism and Nazism along Traditionalist lines others later participated in political terror in Italy Traditionalism finally provided the ideological cement for the alliance of anti democratic forces in post Soviet Russia and at the end of the twentieth century began to enter the debate in the Islamic world about the desirable relationship between Islam and modernity

Parachute Women Elizabeth Winder, 2023-07-11 Discover the true story of the four women who worked tirelessly behind the scenes to help shape and curate the image of The Rolling Stones perfect for fans of *Girls Like Us* The Rolling Stones have long been considered one of the greatest rock and roll bands of all time At the forefront of the British Invasion and heading up the counterculture movement of the 1960s the Stones innovative music and iconic performances defined a generation and fifty years later they're still performing to sold out stadiums around the globe Yet as the saying goes behind every great man is a greater woman and behind these larger than life rockstars were four incredible

women whose stories have yet to be fully unpacked until now In Parachute Women Elizabeth Winder introduces us to the four women who inspired styled wrote for remixed and ultimately helped create the legend of the Rolling Stones Marianne Faithfull Marsha Hunt Bianca Jagger and Anita Pallenberg put the glimmer in the Glimmer Twins and taught a group of straight laced boys to be bad They opened the doors to subterranean art and alternative lifestyles turned them on to Russian literature occult practices and LSD They connected them to cutting edge directors and writers won them roles in art house films that renewed their appeal They often acted as unpaid stylists providing provocative looks from their personal wardrobes They remixed tracks for chart topping albums and sometimes even wrote the actual songs More hip to the times than the rockers themselves they consciously and unconsciously kept the band current and confident with that mythic lasting power they still have today Lush in detail and insight and long overdue Parachute Women is a group portrait of the four audacious women who transformed the Stones into international stars but who were themselves marginalized by the male dominated rock world of the late 60s and early 70s Written in the tradition of Sheila Weller's Girls Like Us it's a story of lust and rivalries friendships and betrayals hope and degradation and the birth of rock and roll

The Arabian Desert in English Travel Writing Since 1950 Jenny Walker, 2022-12-30 Broadly this book is about the Arabian desert as the locus of exploration by a long tradition of British travellers that includes T E Lawrence and Wilfred Thesiger more specifically it is about those who since 1950 have followed in their literary footsteps In analysing modern works covering a land greater than the sum of its geographical parts the discussion identifies outmoded tropes that continue to impinge upon the perception of the Middle East today while recognising that the laboured binaries of East and West desert and sown noble and savage have outrun their course Where however only a barren legacy of latent Orientalism may have been expected the author finds instead a rich seam of writing that exhibits diversity of purpose and insight contributing to contemporary discussions on travel and tourism intercultural representation and environmental awareness By addressing a lack of scholarly attention towards recent additions to the genre this study illustrates for the benefit of students of travel literature or indeed anyone interested in Arabia how desert writing under the emerging configurations of globalisation postcolonialism and ecocriticism acts as a microcosm of the kinds of ethical and emotional dilemmas confronting today's travel writers in the world's most extreme regions

Shapiro, 2021-08-31 A revised enlarged and updated edition of this authoritative and entertaining reference book named the 2 essential home library reference book by the Wall Street Journal Shapiro does original research earning this volume a place on the quotation shelf next to Bartlett's and Oxford's William Safire New York Times Magazine on the original edition A quotations book with footnotes that are as fascinating to read as the quotes themselves Arthur Spiegelman Washington Post Book World on the original edition Updated to include more than a thousand new quotations this reader friendly volume contains over twelve thousand famous quotations arranged alphabetically by author and sourced from literature history popular culture sports digital culture science politics law the social sciences and all other aspects of human activity Contemporaries added to this edition include Beyoncé Sandra Cisneros James Comey Drake Louise Glück LeBron James Brett Kavanaugh Lady Gaga Lin Manuel Miranda Barack Obama John Oliver Nancy Pelosi Vladimir Putin Bernie Sanders Donald Trump and David Foster Wallace The volume also reflects path breaking recent research resulting in the updating of quotations from the first edition with more accurate wording or attribution It has also incorporated noncontemporary quotations that have become relevant to the present day In addition The New Yale Book of Quotations reveals the striking fact that women originated many familiar quotations yet their roles have been forgotten and their verbal inventions have often been credited to prominent men instead This book's quotations annotations extensive cross references and large keyword index will satisfy both the reader who seeks specific information and the curious browser who appreciates an amble through entertaining pages
