culture at the turn of the twenty first century has been fascinated with teenage identity and the presence of magic and the occult. Alongside this profusion of products and representations a global network of teenage Witches has emerged on the margins of adult neopagan Witchcraft communities identifying themselves through various spiritual practices, consumption patterns and lifestyle choices. *The New Generation Witches* is the first published anthology to investigate the recent rise of the teenage Witchcraft phenomenon in both Britain and North America. Scholars from Theology, Cultural Studies, Sociology, History and Media Studies along with neopagan commentators outside of the academy come together to investigate the experiences of thousands of adolescents constructing an enabling magical identity through a distinctive practice of Witchcraft. The contributors discuss key areas of interest: inspiration and development within the teen Witch communities from the mid 1990s onward; including teenage Witches' magical practices and beliefs, gender politics, the formation and identification of communities, forums and modes of expression, media representation and new media outlets. Demonstrating the diversification and expansion of neopaganism in the twenty first century, this anthology makes an exciting contribution to the field of Neopagan Studies and contemporary youth cultures.

THE BOOK BEHIND THE SECOND SEASON OF GAME OF THRONES AN ORIGINAL SERIES NOW ON HBO

Here is the second book in the landmark series that has redefined imaginative fiction and become a modern masterpiece. A CLASH OF KINGS: A comet the color of blood and flame cuts across the sky. And from the ancient citadel of Dragonstone to the forbidding shores of Winterfell, chaos reigns. Six factions struggle for control of a divided land and the Iron Throne of the Seven Kingdoms preparing to stake their claims through tempest, turmoil and war. It is a tale in which brother plots against brother and the dead rise to walk in the night. Here a princess masquerades as an orphan boy, a knight of the mind prepares a poison for a treacherous sorceress, and wild men descend from the Mountains of the Moon to ravage the countryside. Against a backdrop of incest and fratricide, alchemy and murder, victory may go to the men and women possessed of the coldest steel and the coldest hearts. For when kings clash, the whole land trembles.
