examines how the analysis of feeling or affect can be deployed to address the inchoate causal relation between historical events and their mediation In this sense Corrosive Solace s goals are twofold first to outline the methodologies necessary for dealing with the affective recognition of historical crisis and second to make the historically familiar strange again and thus make visible key avenues for discussion that have remained dormant Both of these objectives turn on recognition How do we theorize the implicit affective recognition of crisis in a distant historical moment And how do we recognize what we in our present moment cannot discern Corrosive Solace addresses this complex cultural reorientation by attending less to new cultural products than to the theoretical and historical problems posed by looking at the transformation of old plays and modes of performance These old plays Shakespeare post Restoration comedy and the tragedy were a vital plank of the cultural patrimony so much of O Quinn s analysis lies in how tradition was recovered and redirected to meet urgent social and political needs Across the arc of Corrosive Solace he tracks how the loss of the American War forced Britons to refashion the repertoire of cultural signs and social dispositions that had subtended its first empire in the Atlantic world in a way more suited to its emergent empire in South Asia *Shakespeare Then and Again* Sanghamitra Dasgupta,2024-09-20 William Shakespeare s Julius Caesar is one of the finest studies of human psychology and its range of personalities is exciting there is the egotistical Caesar himself whose wisdom is consumed in confidence there is the playboy cum politician Antony whose emotionally charged oratory whips up a frenzy there is the wily Cassius whose angst drives him to conspire against Caesar there is sober Brutus whose love for Rome drives him to assassinate his best friend and last but not least there is the mob whose fickle nature is shown in its quickly changing moods and reactions This book Shakespeare Then and Again Julius Caesar is meant both for ICSE students and lovers of Shakespeare It explores the play in detail with special reference to its relevance even today There are various sections that encourage an in depth study of the play as well as foster the abilities of critical thinking innovation and creativity It contains Reference to Context questions and answers MCQs Discussion and Argumentative questions and answers It is a must for those who wish to study Julius Caesar from a modern perspective

Shakespeare in Hindsight Khan Amir Khan,2015-12-14 We know William Shakespeare matters but we cannot pinpoint precisely why he matters Lacking reasons why we do our best to involve him in others or involve others in him He has been branded many times over as Catholic Protestant Materialist Marxist Psychoanalytic Feminist Postcolonial Popular Cultural and even Popular Cultural In many ways Shakespeare is overwrought Why one more approach to Shakespeare One reason is because whatever these approaches say about tragedy in particular none of them help us to feel tragedy Or rather they subordinate tragedy to something else to considerations of say class race or gender What these approaches manage to do is explain tragedy away What this book does is to help us feel tragedy first and foremost hence to perceive it better The aim of Amir Khan s counterfactual criticism of Shakespeare s tragedies Hamlet King Lear Macbeth A Winter s Tale and Othello then is precisely to reanimate the tragic effect long since lost in some deluge of explanation
