Re:RE — Reincarnator Executioner: Volume 2 Ryuu Nakajima, 2022-12-12 Metamorphosis Little has been left unchanged throughout the journey of Dill Steel Link Sid Faron and Nue Kirisaki The only constant might be Dill himself who remains single minded in his quest for revenge against the Reincarnators and reclaim the body of his daughter Iris At long last as a reward for besting his foremost foe he s obtained a hint as to her whereabouts It s his first solid lead in five years of searching but the war against the Reincarnators rages on

The line between Dill's friends and foes blurs by the day. Who can he really trust? What guise will the enemy assume next? Dill and the Halberd Brigade fight valiantly for the future of the city of Vulcan and all of Redguard but with half of the city and most of the world already subjugated by the Reincarnators, can they survive, let alone prevail? *The Equations of Life* Charles S. Cockell, 2018-06-19 A groundbreaking argument for why alien life will evolve to be much like life here on Earth. We are all familiar with the popular idea of strange alien life wildly different from life on earth inhabiting other planets. Maybe it's made of silicon. Maybe it has wheels. Or maybe it doesn't. In *The Equations of Life*, biologist Charles S. Cockell makes the forceful argument that the laws of physics narrowly constrain how life can evolve, making evolution's outcomes predictable. If we were to find on a distant planet something very much like a ladybug eating something like an aphid, we shouldn't be surprised. The forms of life are guided by a limited set of rules, and as a result, there is a narrow set of solutions to the challenges of existence. A remarkable scientific contribution breathing new life into Darwin's theory of evolution. *The Equations of Life* makes a radical argument about what life can and can't be. *Part 1: the Legend of Cratox the Conqueror* Kevin D. Barksdale, 2019-08-21 In a place known as the Thirteenth Realm, Cratox the Conqueror rises to power, claiming victory over all who oppose him. Leaving a relentless path of destruction, the warrior destroys kingdom by kingdom until the entire eastern hemisphere of the Thirteenth Realm had been engulfed. Then he sets his sights on the western frontier, separated from him by a dangerous ocean. Cratox believes that taking over that land will make him an unstoppable ruler. He sends his two best scouts, Demlin and Dalock, to survey the land and report back to him. And it is there that Cratox finds his ultimate test: three celestial warlocks named Lucor, Nimex, and Maltec. Having anticipated the warlord's movements for centuries, the three celestial beings capture both scouts and offer one of them a deal that he cannot refuse and returning the other as a gruesome warning. Cratox plans a surprise of his own in return, but only time will tell whether this battle will be more than he is prepared to face. In this fantasy novel, a warlord setting out to conquer his world finds himself facing an unexpected challenge in the form of three powerful warlocks. *A Liar's Twisted Tongue* Caroline Cusanelli, Her power will kill her. If he doesn't, first Desdemona Althenia has spent her life in the shadows, hiding the volatile magic that could kill her if it's ever unleashed. Born into the lowest ranks of society, she's survived by her wits and her willingness to deceive. But when fate traps her within the brutal walls of Visnatus Academy, it also offers a dangerous chance: power for the first time within reach. Prince Lucian Aibek lives beneath the weight of a rotting empire and the ruthless grip of a corrupt family regime. Desdemona's untamed fire could be the key to his freedom and her chance to master the magic that might consume her. But as their fates entwine, the line between ally and enemy blurs, and they're caught in a deadly game of ambition and desire where trust becomes more treacherous than the magic they wield. As an ancient society stirs, Desdemona and Lucian are forced to confront the ghosts of a war that never truly ended. Caught between survival and surrender, they must gamble everything, let their connection bring them to ruin or become their only hope of redemption. **Ancient Egypt** J. E. Manchip
