The Unfinished Nation Alan Brinkley, 1997 **Nationalisms in International Politics** Kathleen E.

Powers, 2022-02-15 How the ideas that animate nationalism influence whether it causes or calms conflict With nationalism on the rise around the world many worry that nationalistic attitudes could lead to a surge in deadly conflict To combat this trend federations like the European Union have tried to build inclusive regional identities to overcome nationalist distrust and inspire international cooperation Yet not all nationalisms are alike Nationalisms in International Politics draws on insights from psychology to explore when nationalist commitments promote conflict and when they foster cooperation Challenging the received wisdom about nationalism and military aggression Kathleen Powers differentiates nationalisms built on unity from those built on equality and explains how each of these norms give rise to distinct foreign policy attitudes Combining innovative US experiments with fresh analyses of European mass and elite survey data she argues that unity encourages support for external conflict and undermines regional trust and cooperation whereas equality mitigates militarism and facilitates support for security cooperation Nationalisms in International Politics provides a rigorous and compelling look at how different forms of nationalism shape foreign policy attitudes and raises important questions about whether transnational identities increase support for cooperation or undermine it **Refocusing Chaplin** Lawrence Howe, James E.

Caron, Benjamin Click, 2013-10-03 Widely recognized in his character of the Tramp Charlie Chaplin transcended the role of actor to become screenwriter director composer producer and finally studio head The subject of numerous biographical studies Chaplin has been examined as both myth and man but these treatments fail to adequately address the often overlooked complexity of his filmmaking Refocusing Chaplin A Screen Icon through Critical Lenses features essays that examine the actor and director through various theoretical perspectives including Marxism feminism gender studies deconstruction psychoanalytic criticism new historicism performance studies and cultural criticism Complementing this range of intellectual inquiry is the wide reach of films discussed from The Circus 1928 The Gold Rush 1925 and City Lights 1931 to Modern Times 1936 The Great Dictator 1940 Monsieur Verdoux 1947 and Limelight 1952 Shorter films such as The Pawnshop 1916 The Rink 1916 and A Dog's Life 1918 are also examined These essays analyze the tensions between the carefully constructed worlds of Chaplin's films and their cultural contexts The varied approaches and range of materials in this volume not only comprehensively assess the screen icon but also foster a conversation that exemplifies the best of intellectual exchange Refocusing Chaplin provides a unique view into the work of one of cinema's most important and influential artists **A Patriot's History of the United States** Larry Schweikart, Michael Allen, 2014-11-25 For the past

three decades many history professors have allowed their biases to distort the way America's past is taught These intellectuals have searched for instances of racism sexism and bigotry in our history while downplaying the greatness of America's patriots and the achievements of dead white men As a result more emphasis is placed on Harriet Tubman than on

George Washington more about the internment of Japanese Americans during World War II than about D Day or Iwo Jima more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin A Patriot s History of the United States corrects those doctrinaire biases In this groundbreaking book America s discovery founding and development are reexamined with an appreciation for the elements of public virtue personal liberty and private property that make this nation uniquely successful This book offers a long overdue acknowledgment of America s true and proud history *Founding Myths* Ray Raphael,2014-07-04 The tenth anniversary edition of the book that showed why we must move past historical nonsense so that a truer more democratic national record can emerge School Library Journal Originally published to universal acclaim award winning historian Ray Raphael s *Founding Myths* has since established itself as a landmark of historical myth busting With Raphael s trademark wit and flair *Founding Myths* exposed the errors and inventions in America s most cherished tales from Paul Revere s famous ride to Patrick Henry s Liberty or Death speech For the thousands who have been captivated by Raphael s eye opening accounts history has never been the same In this revised tenth anniversary edition Raphael revisits the original myths and further explores their evolution over time uncovering new stories and peeling back new layers of misinformation This new edition also examines the highly politicized debates over America s past as well as how our approach to history in school reinforces rather than corrects historical mistakes A book that explores the truth behind the stories of the making of our nation National Public Radio this revised edition of *Founding Myths* will be a welcome resource for anyone seeking to separate historical fact from fiction **Subject Guide to Books in Print** ,2001 *Books in Print Supplement* ,2002 **The Scottish Nation** William Anderson,2023-04-08 Reprint of the original first published in 1872 The publishing house Anatiposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost

One Drop of Blood Scott Malcomson,2000-10-04 A bold and original retelling of the story of race in America Why has a nation founded upon precepts of freedom and universal humanity continually produced through its preoccupation with race a divided and constrained populace This question is the starting point for Scott Malcomson s riveting and deeply researched account which amplifies history with memoir and reportage From the beginning Malcomson shows a nation obsessed with invention began to create a new idea of race investing it with unprecedented moral and social meaning A succession of visionaries and opportunists self promoters and would be reformers carried on the process helping to define black white and Indian in opposition to one another and in service to the aspirations and anxieties of each era But the people who had to live within those definitions found them constraining They sought to escape the limits of race imposed by escaping from other races or by controlling confining eliminating or absorbing them in a sad absurd parade of events Such efforts have never truly succeeded yet their legacy haunts us as we unhappily re enact the drama of separatism in our schools workplaces and communities By not only recounting the shared American tragicomedy of race but helping us to own even to embrace it this

,1996 *Ireland, Colonialism, and the Unfinished Revolution* Robbie McVeigh,Bill Rolston,2023-11-14 A groundbreaking examination of the colonial legacy and future of Ireland showing how Ireland s story is linked to and informs anti imperialism around the world Colonialism is at the heart of making sense of Irish history and contemporary politics across the island of Ireland And as Robbie McVeigh and Bill Rolston argue Ireland s experience is central to understanding the history of colonization and anti colonial politics throughout the world Part history part analysis Ireland Colonialism and the Unfinished Revolution charts the centuries of Irish colonial history from England s proto imperial engagement with Ireland in 1155 to the Union in 1801 and the subsequent struggles for Irish independence and the legacies of partition from 1921 A century later the plate tectonics of Irishness are shifting once again The Union is in crisis and alternatives to partition are being seriously considered outside the Republican tradition for the first time in generations These significant structural changes suggest that the coming times might finally see the completion of the decolonization project the finishing of the revolution In the words of the revolutionary P draig Pearse Anois ar theacht an tSamhraidh now the summer is coming Metaphysics.-2.
