Robert Aickman, 1990-01-01 **Akin to Poetry** Philip Challinor, 2010 Robert Aickman was one of the twentieth century's most distinguished and distinctive writers of weird fiction He believed that supernatural stories should work upon the unconscious mind in a manner akin to poetry and his strange tales as he called them are personal elegant and elusive Perhaps for this reason they have so far received little of the critical attention they deserve This book examines eight of Aickman's stories noting their often indirect cultural and autobiographical allusions and drawing out at least some of the meaning behind their frequently enigmatic plots back cover blurb

This two volume set offers comprehensive coverage of horror literature that spans its deep history dominant themes significant works and major authors such as Stephen King Edgar Allan Poe and Anne Rice as well as lesser known horror writers Many of today's horror story fans who appreciate horror through movies television video games graphic novels and

other forms probably don't realize that horror literature is not only one of the most popular types of literature but one of the oldest. People have always been mesmerized by stories that speak to their deepest fears. Horror Literature through History shows 21st century horror fans the literary sources of their favorite entertainment and the rich intrinsic value of horror literature in its own right. Through profiles of major authors, critical analyses of important works, and overview essays focused on horror during particular periods as well as on related issues such as religion, apocalypticism, social criticism, and gender, readers will discover the fascinating early roots and evolution of horror writings as well as the reciprocal influence of horror literature and horror cinema. This unique two-volume reference set provides wide coverage that is current and compelling to modern readers who are of course also eager consumers of entertainment. In the first section, overview essays on horror during different historical periods situate works of horror literature within the social, cultural, historical, and intellectual currents of their respective eras, creating a seamless narrative of the genre's evolution from ancient times to the present. The second section demonstrates how otherwise unrelated works of horror have influenced each other, how horror subgenres have evolved, and how a broad range of topics within horror, such as ghosts, vampires, religion, and gender roles, have been handled across time. The set also provides alphabetically arranged reference entries on authors, works, and specialized topics that enable readers to zero in on information and concepts presented in the other sections.

Report of the ... Meeting of the British Association for the Advancement of Science British Association for the Advancement of Science. Meeting, 1890 *The Modern Weird Tale* S.T. Joshi, 2015-11-16 This is a critical study of many of the leading writers of horror and supernatural fiction since World War II. The primary purpose is to establish a canon of weird literature and to distinguish the genuinely meritorious writers of the past fifty years from those who have obtained merely transient popular renown. Accordingly, the author regards the complex, subtle work of Shirley Jackson, Ramsey Campbell, Robert Aickman, T. E. D. Klein, and Thomas Ligotti as considerably superior to the best sellers of Stephen King, Clive Barker, Peter Straub, and Anne Rice. Other writers such as William Peter Blatty, Thomas Tryon, Robert Bloch, and Thomas Harris are also discussed. Taken as a whole, the volume represents a pioneering attempt to chart the development of weird fiction over the past half century.

[Thunder of the Universe](#) Guang Tou Dao Qi Lv, 2020-07-06 The Xuanyuan Ancient Realm imprinted with the mysterious earth from all directions; it was said that it had existed for countless ages and it was said that it held the hopes of all living beings. So what if he was a mortal? What if he was a cultivator? What if he was a Buddhist? And what if he was a fiendish demon? However, he was a passerby in the mortal world.

The Return Dulce Maria Cardoso, 2016-07-07 Everyone has gone away. We too should no longer be here. Luanda, 1975. The Angolan War of Independence has been raging for at least a decade, but with the collapse of the Salazar dictatorship, defeat for the Portuguese is now in sight. Thousands of settlers are fleeing back to Portugal to escape the brutality of the Angolan rebels. Rui is fifteen years old. He has lived in

Luanda all his life and has never even visited the far away homeland although he has heard many stories But now his family are finally accepting that they too must return and Rui is filled with a mixture of excitement and dread at the prospect But just as they are leaving for the airport his father is taken away by the rebels and the family must leave without him Not knowing if the father is alive or dead or if they will ever find out what has become of him Rui his mother and sister try to rebuild their lives in their new home This turns out to be a five star hotel in a quiet seaside suburb of Lisbon where returnee families are crammed into luxurious rooms by the dozen These palatial surroundings are a cruel contrast with the reality of returnee life The hotel becomes a curious form of purgatory as the families wait to discover what will become of them ever conscious of the fact that they are hardly welcome back in their homeland Rui has his own personal struggle with his new life growing up dropping out of school facing discrimination and the ever present worry over his mother's deteriorating health and his father's fate And then one night Rui's father returns from the dead Translated from the Portuguese by Nigel Gurr and Quintana
