Rosenberg,2018-01-10 Although the theme of bloodied nuptial sheets seems pervasive in western culture its association with female virginity is uniquely tied to a brief passage in the book of Deuteronomy detailing the procedure for verifying a young woman's purity it seldom if ever appears outside of Abrahamic traditions In Signs of Virginity Michael Rosenberg examines the history of virginity testing in Judaism and early Christianity and the relationship of these tests to a culture that encourages male sexual violence Deuteronomy's violent vision of virginity has held sway in Jewish and Christian circles more or less ever since However Rosenberg points to two authors the rabbinic collective that produced the Babylonian Talmud and the early Christian thinker Augustine of Hippo who even as they perpetuate patriarchal assumptions about female virginity nonetheless attempt to subvert the emphasis on sexual dominance bequeathed to them by Deuteronomy Unlike the authors of earlier Rabbinic and Christian texts who modified but fundamentally maintained and even extended the Deuteronomic ideal the Babylonian Talmud and Augustine both construct alternative models of female virginity that if taken seriously would utterly reverse cultural ideals of masculinity Indeed this vision of masculinity as fundamentally gentle rather than characterized by brutal and violent sexual behavior fits into a broader idealization of masculinity propagated by both authors who reject what Augustine called a lust for dominance as a masculine ideal **The Consummate Virgin** Jodi

McAlister,2020-08-25 This book is a study of female virginity loss and its representations in popular Anglophone literatures It explores dominant cultural narratives around what makes a good female virginity loss experience by examining two key forms of popular literature autobiographical virginity loss stories and popular romance fiction In particular this book focuses on how female sexual desire and romantic love have become entangled in the contemporary cultural imagination leading to the emergence of a dominant paradigm which dictates that for women sexual desire and love are and should be intrinsically linked together something which has greatly affected cultural scripts for virginity loss This book examines the ways in which this paradigm has been negotiated upheld subverted and resisted in depictions of virginity loss in popular literatures unpacking the romanticisation of the idea of the right one and the right time **Women, Islam and Modernity** Linda Rae

Bennett,2005-03-31 In popular debates about reproductive and sexual rights formal religions especially Islam are seen as barriers providing institutional and ideological resistance to women's realization of reproductive and social autonomy This book challenges this simplified view of Islam Based on original fieldwork in Eastern Indonesia the book explores the complex factors that affect how young Indonesian women form their sexual subjectivities discusses the cultural and historical

conditions under which single Muslim women repress or express their sexuality and examines how the cultural context including other factors besides Islam simultaneously influence the ways in which young single women approach courtship and issues of sexuality and reproductive health It demonstrates that Islam is neither alone in trying to control female sexuality nor entirely successful in doing so

similarities between English mercantile treatises and drama c1600 1642 Bradley D Ryner analyses the representational conventions of plays and mercantile treatises written between the chartering of the English East India Company in 1600 and the closing of the public playhouses at the outset of the English Civil War in 1642 He shows that playwrights manipulation of specific elements of theatrical representation such as metaphor props dramatic character stage space audience interaction and genre exacerbated the tension between the aspects of the world taken into account by a particular representation and those aspects that it neglects Essential Concepts for Healthy Living Sandra Alters,2005-09 **The Christian Woman's**

Christian writers lived on the eastern outskirts of the Roman Empire during the fourth century Although he wrote polemical works against Jews and pagans and identified with post Nicene Christianity his writings are also replete with parallels with Jewish traditions and he is the leading figure in an ongoing debate about the Jewish character of Syriac Christianity This book focuses on early ideas about betrothal marriage and sexual relations including their theological and legal implications and positions Ephrem at a precise intersection between his Semitic origin and his Christian commitment Alongside his adoption of customs and legal stances drawn from his Greco Roman and Christian surroundings Ephrem sometimes reveals unique legal concepts which are closer to early Palestinian sectarian positions than to the Roman or Jewish worlds The book therefore explains naturalistic legal thought in Christian literature and sheds light on the rise of Syriac Christianity
