Works Issued by the Hakluyt Society, 1888 **The Life and Epistles of St. Paul ... People's Edition** William John Conybeare, 1864 *Proceedings of the Royal Society of Canada* Royal Society of Canada, 1924 **Sale** Anderson Galleries, Inc, 1922 **Sale** American Art Association, Anderson Galleries (Firm), 1922 **A Journey from Prince of Wales's Fort in Hudson's Bay to the Northern Ocean** Samuel Hearne, 2023-09-18 Samuel Hearne's *A Journey from Prince of Wales's Fort in Hudson's Bay to the Northern Ocean* is a seminal work that documents his intrepid expedition into the North American wilderness during the late 18th century. This narrative blends travelogue with natural history, presenting not only the harsh realities of the landscape but also the intricate cultures of Indigenous peoples he encountered. Hearne's prose is characterized by meticulous observation and vivid imagery, reflecting the ethos of Enlightenment thought as it encapsulates the interplay between human and nature while also positioning itself within the broader context of exploration literature that sought to illuminate the uncharted territories of the New World. Hearne, a fur trader and explorer, was driven by both commercial interests and a deep sense of curiosity about the geographic and cultural landscapes of North America. His experiences with the Indigenous groups, particularly the Dene people, profoundly shaped his worldview and underscored the complexities of their interactions with European settlers. This dual perspective contributes to the book's rich tapestry, offering insights into the socio-economics of the time and revealing early critiques of colonialist perspectives on Indigenous societies. This book is highly recommended for anyone interested in the interplay of exploration, cultural encounters, and the natural world in the context of 18th-century North America. Hearne's first-hand observations and thoughtful reflections make it a valuable text for historians, anthropologists, and literary enthusiasts alike, providing an enduring lens through which to view the challenges and triumphs of early exploration.

Captain Cook and the Pacific John McAleer, Nigel Rigby, 2017-01-01
British Royal Navy Captain James Cook's voyages of exploration across and around the Pacific Ocean were a marvel of maritime achievement and provided the first accurate map of the Pacific. The expeditions answered key scientific, economic, and geographic questions and inspired some of the most influential images of the Pacific made by Europeans. Now readers can immerse themselves in the adventure through the collections of London's National Maritime Museum, which illuminate every aspect of the voyages: oil paintings of lush landscapes, scientific and navigational instruments, ship plans, globes, charts, and maps, rare books and manuscripts, coins and medals, ethnographic material, and personal effects. Each artifact holds a story that sheds light on Captain Cook, the crews he commanded, and the effort's impact on world history. Showcasing one of the richest resources of Cook-related material in the world, this publication invites readers to engage with the extraordinary voyages manifested in material culture and their continuing significance today.

The Great War and the Language of Modernism Vincent B. Sherry, 2003 Vincent Sherry reopens long unanswered questions regarding the influence of the 1914 war on the verbal experiments of modernist poetry and fiction. He recovers the political discourses of the British campaign
