Conservation and Restoration of Historic Mortars and Masonry Structures Violeta Bokan Bosiljkov, Andreja Padovnik, Tilen Turk, 2023-06-07. This book gathers the latest advances, innovations and applications in the field of historic mortars and masonry structures conservation and restoration as presented by international researchers and professionals at the 6th Historic Mortars Conference HMC held in Ljubljana, Slovenia on September 21-23, 2022. It covers topics such as characterization of historic mortars and masonry structures, sampling and test methods, historic production, processing and application of mortars, renders and grouts, assessment of historic renders and plasters, conservation and preventing conservation case studies, repair mortars and grouts, requirements and design compatibility issues, durability and effectiveness and adequacy of testing procedures. Special attention is given to historic mortars where one of the binders or the only binder is Portland cement and to the structures in which these materials are used. The contributions which were selected through a rigorous international peer review process share new knowledge and exciting ideas that will help protect heritage buildings more efficiently and foster new multidisciplinary collaborations in this area.
