Novels of William Boyd Dr. Rajesh Shashikant Latane,2015-02-25 have great pleasure in writing this foreword to Dr Latane s book on the Novels of William Boyd The book is a significant contribution to Boyd criticism It has discussed the early the middle and the last phase of Boyd s novels In doing if the author has defined the totality of Boyd s vision Indeed every novel is a part of this totality and the totality is more than a mere sum of the novels The reciprocal relationship between the part and the whole is the crux of novel criticism and the book has given due justice to this aspect Another important feature of the book is the analysis of the postmodernist element in Boyd s novels This critical framework can be used to analysis the postmodernist element in the contemporary Indian novel in English Even going further it can be used to analyse the Postmodernist element in the contemporary Marathi novel A thesis is really acknowledged when it become a source material for the future researchers and comparatives Mr Latane s book has that potential I heartily wish a good reception to the book Dr Prakash Deshpande Kejkar Former Professor of English Shivaji University Kolhapur
