Return Fire 2 Confederation Reborn:

Dangerous Learning Derek W Black,2025-01-14 The enduring legacy of the nineteenth century struggle for Black literacy in the American South Few have ever valued literacy as much as the enslaved Black people of the American South For them it was more than a means to a better life it was a gateway to freedom and in some instances a tool for inspiring revolt And few governments tried harder to suppress literacy than did those in the South Everyone understood that knowledge was power power to keep a person enslaved in mind and body power to resist oppression In the decades before the Civil War Southern governments drove Black literacy underground but it was too precious to be entirely stamped out This book describes the violent lengths to which southern leaders went to repress Black literacy and the extraordinary courage it took Black people to resist Derek W Black shows how from the beginning of the nineteenth century to the end of Reconstruction literacy evolved from a subversive gateway to freedom to a public program to extend citizenship and build democratic institutions and how once Reconstruction was abandoned opposition to educating Black children depressed education throughout the South for Black and white students alike He also reveals the deep imprint those events had on education and how this legacy is resurfacing today

Spangler, Frank Towers, 2023-01-03 Written by leading historians of the mid nineteenth century United States this book focuses on the continental dimensions of the U S Civil War It joins a growing body of scholarship that seeks to understand the place of America's mid nineteenth century crisis in the broader sweep of world history However unlike other studies that have pursued the Civil War's connections with Europe and the Caribbean this volume focuses on North America particularly Mexico British Canada and sovereign indigenous states in the West As the United States went through its Civil War and Reconstruction Mexico endured its own civil war and then waged a four year campaign to expel a French imposed monarch Meanwhile Britain's North American colonies were in complex and contested negotiations that culminated in confederation in 1867 In the West indigenous nations faced an onslaught of settlers and soldiers seeking to conquer their lands for the United States Yet despite this synchronicity mainstream histories of the Civil War mostly ignore its connections to the political upheaval occurring elsewhere in North America By reading North America into the history of the Civil War this volume shows how battles over sovereignty in neighboring states became enmeshed with the fratricidal conflict in the United States Its contributors explore these entangled histories in studies ranging from African Americans fleeing U S slavery by emigrating to Mexico to Confederate privateers finding allies in Halifax Nova Scotia This continental perspective highlights the uncertainty of the period when the fate of old nations and possibilities for new ones were truly up for grabs **Return Fire 3** Bernard Schaffer, 2015-05-29 THE SWARM IS COMING The desperate gamble to lure the Swarm out has worked far too well Three massive ships now approach the Arrowhead's position intent on destroying the interfering subspecies that dare challenge them REVENGE IS COLD Captain Rollins has seized command of the ship and will jeopardize every living thing on board to have his revenge The only person who can stop him now is Liam O Brian INTO DARKWATER The epic conclusion to Return Fire the first installment of Bernard Schaffer's brand new sci fi epic saga Confederation Reborn The Bulletin of the United Daughters of the Confederacy, 1946 **The Congregationalist**, 1927 Encyclopaedia of Religion and Ethics James Hastings, John Alexander Selbie, Louis Herbert Gray, 1928 The United Daughters of the Confederacy Magazine
