Tranton, 2016-01-21 Samsung released its newest piece of technology in the form of the Gear VR released to the public in November of 2015. The VR created from a partnership between Samsung and Oculus VR is essentially a mobile virtual reality device which serves to among other things act as the display for the smart phone. The reviews to date laud the device for its appeal to the more modern era with its polish and innovation. In the attempt to perfect the mobile headset there were a number of editions since being first announced in September 2014. Along the way steps have been taken to hone the features and all that it is able to offer to Samsung smartphone users. Among the most renowned of the device's features are the gyroscope, proximity and accelerometer sensors, a ninety-six degree view, a PUI button that enables control of functions such as volume and a USB charging port.
