Faces of God in Latin America Virginia Garrard,2020-11-01 Combining historical and ethnographic research methods along with a thorough review of existing literature on the study of Latin American Christianity *New Faces of God in Latin America* addresses the important question of how global religion and local culture interact situating the experience of Latin American Christianity in the broader conversations in the field of world Christianity particularly with respect to the growing

understanding of Christianity as a non Western religion Through case studies of different Pentecostal experiences in Latin America Virginia Garrard explores cross pollination and interaction with indigenous religions and cultures finding widely varied responses to the material and spiritual needs of Latin Americans The author locates Latin American religious experience within a field known as the history of non Western Christianity This focuses on the experience perceptions and adaptations of those who adopt Christianity outside the context of Western missionary or other colonizing projects The book engages with the intersection of culture and spirit filled religion with an eye to how those interactions help frame an alternative religious modernity Throughout the book the author uses culture as both a heuristic lens and as a variable within the equation She argues that culture helps us understand how people engage with and reconfigure global religious flows within their own imaginations and for their own parochial uses *Passing Orders* S. Jonathon O'Donnell, 2020-12-01

Demonization has increasingly become central to the global religious and political landscape *Passing Orders* interrogates this centrality through an analysis of evangelical spiritual warfare demonologies in contemporary America Situating spiritual warfare as part of broader frameworks of American exceptionalism ethnonationalism and empire management author S Jonathon O'Donnell exposes the theological foundations of the systems of queer and transphobia anti blackness Islamophobia and settler colonialism that justify the dehumanizing practices of the current U S political order O'Donnell argues that demonologies are not only tools of dehumanization but also ontological and biopolitical systems that create and maintain structures of sovereign power or orthotaxies models of the right ordering of space time and bodies that stratify humanity into hierarchies of being and nonbeing Alternative orders are demonized as passing framed as counterfeit transgressive and transient Yet these orders refuse to simply pass on instead giving strength to deviant desires that challenge the legitimacy of sovereign violence Critically examining this challenge in the demonologies of three figures Jezebel the Islamic Antichrist and Leviathan *Passing Orders* reimagines demons as a surprising source of political and social resistance reflecting fragile and fractious communities bound by mutual passing and precarity into strategic coalitions of solidarity subversion and survival

Superficial Sanctification Monica Martinez, 2016-02-09 This tome unveils the truth of why so many Christians live burdensome lives in captivity to the enemy of their souls while professing to be born again believers in Christ Although God's Word declares that He bestowed upon His people a divine inheritance to be experienced here on earth many fail to partake in their God-given promises of abundance due to their superficially sanctified living This book gives the specific keys in God's Word in unlocking the chains that hold so many of God's people in bondage **Transforming Culture** Christine

Gunn-Danforth, 2009-01-01 This book introduces *Jonahre* a Biblically based Prophetic Imagination cinematic genre *Jonahre* can be implemented by following a three phase interdisciplinary process that allows production teams to submit their content intent style and format to reflect a Biblical pattern of storytelling and establish an alternative consciousness with the audience When implemented this process creates a powerful tool for transforming culture by combining communication

theory and theology into a mold for communicating Spirit filled messages via moving image media The first in a trilogy of Jonahre films will be released November 2009 **Relentless Redemption** Laura-Lynn Tyler Thompson,2013-06-11 For the shattered He brings healing For the disqualified He qualifies And for the weak He becomes your strength God pursues you down the darkest corridors and beckons you with His relentless love redeeming you from every disaster that was orchestrated against you Outrageous days that stagger and confound the mind lay just beyond the *Sexual Misconduct in Counseling and Ministry* Peter T.
