Rick Martin,2017-02-28 On that one fateful day June 7 2015 the headlines read Lufthansa Airlines flight number KB101 downed by Ukrainian separatists This time a German airliner was en route from Stockholm Sweden to Ankara Turkey That is when the Russian separatists using ground to air Russian missiles targeted her Bad boys with big Russian toys can be dangerous In this case several satellite based weather systems were tracking flight KB101 when three missile tracks from separatist held Ukraine zeroed in on her Germany started to roll tanks into Ukraine All this really pissed off the kings men running the Kremlin So somehow somewhere somebody ordered the super secret Reeba submarine to launch a warning shot across the bow of America Reeba was ordered to sneak out of her sunken hideaway near the Fort Lauderdale inlet and launch a nuclear tipped cruise missile off the coast of Washington DC and that is where my involvement began This Reeba plan was brilliant thought Ivan in 2007 Make sure they do not rediscover their balls But a little nuclear explosion in view of the White House where nobody died This was perfect This was not treason This would get those goddamn German tanks out of Ukraine So Ivan pulled the trigger on Reeba Within twenty four hours Reeba had crewed up leaving only Polina and those married couples with children They would continue to live as sleeper cells gathering intelligence Polina could drive that speedboat and detonate the nuclear device planted near the Fort Lauderdale inlet if hot war started Captain Nikolay of the Reeba was put on wartime alert This was no drill Reebas crew dropped the hull panel to release Reeba on the inland side of the tanker 600 feet below the ocean surface next to Fort Lauderdale The Virginia class sonar systems heard a wide range of electromagnetic signals in addition to the audible sound frequencies of a torpedo tube hatch opening Thus the electronics aboard Reeba suddenly came to life We had a target location already in the computer We fired two MK48 torpedoes One targeted the bubble from the missile it broke the oceans surface and exploded This explosion damaged the guidance system in the cruise missile And so as this cruise missile flew it now started going through other embedded targets all over America including Chicago New York Washington DC and Houston Texas The erratic motions of the cruise missile became world news very quickly It was not the Kremlins idea to kill American women and children with US Navy antimissile defense systems But thats what happened In fact we learned later that the missiles incoming threat detection system was to trigger the nuke harmlessly a hundred miles off the East Coast if it was not going to reach ground zero on the Washington DC
