J. R. T. Wood, 2012 Founded on 35 years of research into o the post 1945 Anglo Rhodesian history this book complements Richard Wood s *The Welensky Papers A History of the Federation of Rhodesia and Nyasaland 1953 1963 1983 and So Far and No Further Rhodesia s bid for independence during the retreat from empire 1959 1965 2005 Of So Far* Michael Hartnack wrote that Once in a lifetime comes a book which must force a total shift in the thinking person s perception of an epoch and of all the prominent characters who featured in it *A Matter of Weeks Rather Than Months* recounts the action and reaction to Ian Smith s unilateral declaration of Rhodesia s independence the second such declaration since the American one of 1776 It examines the dilemmas of both sides Smith s problem was how to legitimise his rebellion to secure crucial investment capital markets trade and more His antagonist the British Prime Minister Harold Wilson was determined not to transfer sovereignty until Rhodesia accepted African majority rule in common with the rest of Africa Given British feelings for their Rhodesian kith and kin and Rhodesia s landlocked position Wilson eschewed the use of force He could only impose sanctions but hoped they would defeat Smith in a matter weeks rather than months The Rhodesians however evaded the sanctions with such success that they forced Wilson to negotiate a settlement Negotiations were nevertheless doomed because the self confident Rhodesians would not accept a period of direct British rule while rapid progress to majority rule was made or the imposition of restraints on powers they had possessed since gaining self government in 1923 In tune with their allies in the African National Congress of South Africa the Rhodesian or Zimbabwean African nationalists had already adopted the Marxist concept of the Armed Struggle as a means to power Sponsored by the Communist Bloc its surrogates and allies they began a series of armed incursions from their safe haven in Zambia Although bloodily and easily repulsed they would learn from their mistakes as the Rhodesian forces would discover in the 1970s Consequently this is a tale of sanctions negotiations and counter insurgency warfare The Lancet ,1875 *Sanctions as an Instrumentality of the United States - Rhodesia as a Case of Study, Hearings Before the Subcommittee on International Organizations and Movements...*, 92-2, June 13, 15, and 19, 1972 United States. Monthly ,1897 **Whiteout** Alexander Cockburn,Jeffrey St. Clair,2014-12-16 On March 16 1998 the CIA s Inspector General Fred Hitz finally let the cat out of the bag in an aside at a Congressional Hearing Hitz told the US Reps that the CIA had maintained relationships with companies and individuals the Agency knew to be involved in the drug business Even more astonishingly Hitz revealed that back in 1982 the CIA had requested and received from Reagan s Justice Department clearance not to report any knowledge it might have of drug dealing by CIA assets With these two admisstions Hitz definitively sank decades of CIA denials many of them under oath to Congress Hitz s admissions also made fools of some of the most prominent names in US journalism and vindicated investigators and critics of the Agency ranging from Al McCoy to Senator John Kerry The involvement of the CIA with drug traffickers is a story that has slouched into the limelight every decade or so since the creation of the Agency Most recently in 1996 the San Jose Mercury News published a sensational series on the topic Dark Alliance and then helped destroy its own reporter Gary Webb In Whiteout Alexander Cockburn and Jeffrey St Clair finally put the whole story together from the earliest days when the CIA s institutional ancestors the OSS and the Office of Naval Intelligence cut a deal with America s premier gangster and drug trafficker Lucky Luciano They show that many of even the most seemingly outlandish charges leveled against the Agency have basis in truth After the San Jose Mercury News series for example outraged black communities charged that the CIA had undertaken a program stretching across many years of experiments on minorities Cockburn and St Clair show how the CIA imported Nazi scientists straight from their labs at Dachau and Buchenwald and set them to work developing chemical and biological weapons tested on black Americans some of them in mental hospitals Cockburn and St Clair show how the CIA s complicity with drug dealing criminal gangs was part and parcel of its attacks on labor organizers whether on the docks of New York or of Marseilles and Shanghai They trace how the Cold War and counterinsurgency led to an alliance between the Agency and the vilest of war criminals such s Klaus Barbie or fanatic heroin traders like the mujahed in in Afghanistan Whiteout is a thrilling history that stretches from Sicily in 1944 to the killing fields of South East Asia to CIA safe houses in Greenwich Village and San Francisco where CIA men watched Agency paid prostitutes feed LSD to unsuspecting clients We meet Oliver North as he plotted with Manuel Noriega and Central American gangsters We travel to little known airports in Costa Rica and Arkansas We hear from drug pilots and accountants from the Medellin Cocaine Cartel We learn of DEA agents whose careers were ruined because they tried to tell the truth The CIA drugs and the press Cockburn and St Clair dissect the shameful way many American journalists have not only turned a blind eye on the Agency s misdeeds but helped plunge the knife into those who told the real story Here at last is the full saga Fact packed and fast paced Whiteout is a richly detailed excavation of the CIA s dirtiest secrets For all who want to know the truth about the Agency this is the book to start with **A Bibliography of the Works of Rudyard Kipling (1881-1923)** Ernest Walter Martindell,1923 *The Implementation of International Sanctions* Pieter Jan Kuyper,1978 *Nyerere and Africa* Godfrey Mwakikagile,2007 This is the fourth edition of Nyerere and Africa End of an Era

It is also the largest and includes new material not found in previous editions The work is a comprehensive study of the political career of President Julius Nyerere spanning half a century The author takes a critical look at Nyerere s policies and influence in the domestic and international arenas for an objective evaluation of the life and times of one of the most influential leaders in the twentieth century The major role he played in the liberation of southern Africa is just one of the subjects addressed by the author He also provides insights into Nyerere s personality from some of the people who knew him best Included in the book are interviews with some of the people who knew Nyerere since his childhood Some of them were his teachers And they outlived him Others were his schoolmates and colleagues in government and when he was a teacher And some of them were his students Also included are interviews with some of his family members This is an essential study of post colonial Africa It is also a study in political leadership and Cold War politics in the African context among many other subjects addressed in the book which should serve as a reference text for scholars and laymen alike interested in Africa and the Third World in general
