The Wife English Edition:

The Forger's Wife John Lang, 1855 *Ingénue Saxancour; or, The Wife Separated from Her Husband* Nicolas-Edme Rétif de la Bretonne, 2017-02-28 Set in Paris in the 1780s Rétif de la Bretonne's novel *Ingénue Saxancour* is a thinly veiled account of his daughter's disastrous marriage to an abusive husband. From the time of her marriage in January 1780 until she left her husband in July 1785 Agnès Rétif suffered continually from severe physical sexual and emotional abuse. Published in 1789 Rétif's novel scandalized the public with its graphic descriptions of his son-in-law's sexual perversity and brutal violence. Rétif's novel remains shocking even two centuries later and continues to raise disturbing questions about power relations within abusive relationships. Perhaps most disturbing of all are the accusations leveled against Rétif himself concerning his motives for writing and publishing this account. Was he, as some charged, a shameless exhibitionist willing to reveal his family's darkest secrets merely to attract attention and broaden his readership? Was he an unscrupulous opportunist willing to capitalize on his daughter's misfortunes and risk her reputation simply to pay his debts? Or was he, as he himself claimed, trying to warn young women about the dangers of marrying men of dubious backgrounds against their parents' wishes? Rétif was all this and more: a reform-minded pioneer far in advance of his time with his graphic portrayal of spousal abuse, his call for greater public awareness of this perennial problem, and his crusade for liberal divorce laws that would allow women to escape from abusive relationships and to remarry. This is the first English translation of *Ingénue Saxancour* ever published and offers a wealth of background material on the novel and the real-life events that inspired it. It serves as a companion piece to the annotated French edition edited by Professor Trouille and published by the MHRA in 2014. **Debi**

Chaudhurani, or The Wife Who Came Home Julius J Lipner, 2009-10-02 This is the second in a trilogy of works by the famed Bengali novelist Bankimchandra Chatterji, 1838-1894, and the second to be translated by Julius Lipner. The first, *Anandamath* or *The Sacred Brotherhood*, was published by OUP in 2005. Bankim Chatterji was perhaps the foremost novelist and intellectual mediating western ideas to India in the latter half of the 19th century. *Debi Chaudhurani* is a didactic work that champions a particular interpretation of Hindu dharma and wifely duties reflective of the late 19th-century Calcutta context in which it was written. But the story is also compelling. Written in a conversational style, it features surprising plot twists and ideas that are even today revolutionary in their daring. Most notably, Bankim makes a woman the embodiment of Lord Krishna's salvific message as originally enunciated in the *Bhagavad Gita*. The protagonist, Debi, is a complex figure who is a rejected wife, becomes a bandit queen, represents a goddess figure, and symbolizes the land of India. There is a creative tension between her strength as a leader and her correct role from the perspective of the author as a domestic wife. Bankim also focuses on caste and what it means to be a genuine Brahmin, who is transformed by the author into a man who executes responsibilities instead of demanding privileges. Within the context of the teachings of the *Gita*, the author shares his vision of social activism to improve India. Lipner's idiomatic translation is enhanced by his detailed commentary on the original.
