

The Wild Hunt

Jane Yolen

The Wild Hunt:

The Wild Hunt Jane Yolen, 1995 Two young boys become reluctant pawns in a showdown between light and dark summer and winter good and evil The Wild Hunt Elizabeth Chadwick, 1990 The Wild Hunt Victoria Branden, 2004 The legend of The Wild Hunt is as old as mankind Every race has its version of The Hunt the raging host of poachers gangs who drove their quarry by night in defiance of ferociously strict game laws the penalty for killing a deer was hanging Disguised in the skins of beasts they spread terror through the countryside especially as they hunted not only animals but other humans and when stimulated by drink and drugs tore to pieces and devoured living creatures As late as the 20th century terrorists in the Congo and Kenya disguised themselves in panther and leopard pelts the claws reinforced with steel to lacerate victims The most common disguise was a wolf hide particularly in northern Europe creating the werewolf superstition It was clearly addictive behaviour and some of its patterns can be discovered in modern gang activities Could a Wild Hunt survive into our time In a remote area seldom visited by outsiders a secret werewolf cult might still be pursuing and devouring its victims The Wild Hunt tells of a young university woman who inherits a long abandoned farmhouse which she plans to restore for a summer retreat only to learn too late that it has become the headquarters of a Wild Hunt surviving among the men of a degenerate village The anthropological soundness lends a terrifying plausibility which heightens the suspense more acutely **The Wild Hunt** Jane Yolen, 1997-03-01 Two young boys than would the fear of supernatural shape shifting werewolves become reluctant pawns in a showdown between light and dark summer and winter good and evil The Wild Hunt Oskar Jensen, 2016-04-07 A thrilling tale of Norse Gods and a terrifying hunt Astrid a Viking Princess and Leif a poet are on the run having been banished from Denmark They are trying to escape to Sweden But Grimnir a coldblooded assassin has been sent to kill them And that is the least of their worries for Leif has managed to offend Odin the king of the Norse Gods which means the dreaded wild hunt Odin's hunt is after them and ready to take their lives in revenge An epic tale of battle bloodshed and the terror of being hunted **The Wild Hunt** Jill Tattersall, 1976-02-01 The Wild Hunt | Children's Norse Folktales Baby Professor, 2017-02-15 Folktales are meant to be enjoyed not only by the elders but also by the younger ones Kids will totally have a good time reading about Norse folktales with this Wild Hunt edition Amazing pictures and great storylines await your kiddos in the pages of this book Go ahead and get a copy now The Complete ElfQuest Volume 5 Wendy Pini, Richard Pini, 2018-11-27 This fifth volume of the New York Times bestselling series weighs in at a hefty 720 pages It collects material from Elfquest Hidden Years 16 29 as well as the entire Wild Hunt sequence from Elfquest comics vol 2 A stunning collection of art and story from Wendy and Richard Pini and others The latest collection of the classic fantasy series by Wendy and Richard Pini continues the canonical adventures of the Wolfriders With Cutter leading his warriors against the human warlord Grohmul Djun his chief daughter Ember takes her tribemates far away into unknown lands where she pits her skills and courage against new threats and unexpected revelations Phantom Armies of the Night Claude

Lecouteux, 2011-08-16 An exploration of the many forms of the ancient myth of the Wild Hunt and its influence in pagan and early Christian Europe Recounts the myriad variations of this legend from the Cursed Huntsman and King Herla to phantom armies and vast processions of sinners and demons Explains how this belief was an integral part of the pagan worldview and was thus employed by the church to spread Christian doctrine Reveals how the secret societies of medieval Europe reenacted these ghostly processions for soul travel and prophecies of impending death Once upon a time a phenomenon existed in medieval Europe that continuously fueled local lore during the long winter nights a strange and unknown troop could be heard passing outside over the land or through the air Anyone caught by surprise in the open fields or depths of the woods would see a bizarre procession of demons giants hounds ladies of the night soldiers and knights some covered in blood and others carrying their heads beneath their arms This was the Wild or Infernal Hunt the host of the damned the phantom army of the night a theme that still inspires poets writers and painters to this day Millennia older than Christianity this pagan belief was employed by the church to spread their doctrine with the shapeshifters and giants of the pagan nightly processions becoming sinners led by demons seeking out unwary souls to add to their retinues Myth or legend it represents a belief that has deep roots in Europe particularly Celtic and Scandinavian countries The first scholar to fully examine this myth in each of its myriad forms Claude Lecouteux strips away the Christian gloss and shows how the Wild Hunt was an integral part of the pagan worldview and the structure of their societies Additionally he looks at how secret societies of medieval Europe reenacted these ghostly processions through cult rituals culminating in masquerades and carnival like cavalcades often associated with astral doubles visions of the afterlife belief in multiple souls and prophecies of impending death He reveals how the nearly infinite variations of this myth are a still living evolving tradition that offers us a window into the world in which our ancestors lived The Wild Hunt Thea Hutcheson, Anthea Sharp, Brenda Carre, 2020-09-28 Ride through the sky with the Wild Hunt A fierce host rides across the winter sky at night In wild pursuit of whoever crosses their path Peals of thunder follow the horses as they gallop through the clouds Fire flashing from their hooves The baying of the hounds echoes across the sky Their sharp teeth glinting in the light of the moon The Huntsman blows his horn and the Fae ride behind him Their faces both beautiful and terrible to behold When the nights are long and the winter winds howl stay inside Lest you cross the path of the Hunt and become their prey The Wild Hunt contains thirteen stories based on the wide and varied folklore of the Wild Hunt In some tales the leader of the hunt is Odin in others it s King Arthur Herodias or Herne the Hunter Sometimes the riders are Fae sometimes they are specters or skeletons or strange beasts never before seen by mortal eyes But no matter who the hunters are you definitely don t want to be the one they re after Let the Wild Hunt begin

Ragnarok: The Abyss Tim Korklewski,2020-04-30 Ginnungagap the Gaping Abyss was once what separated the realms of Ice and Fire keeping them in balance and sparing the other realms from their ravages With the Nine Realms shattered however Ginnungagap has been left unguarded and unspeakable horrors now await those who wish to cross it Ragnarok The

Abyss includes new scenarios for Ragnarok as well as new monsters to vanquish in glorious battle New mechanics introduce something once barely recognised by war clans Fear and present entirely new challenges for them to overcome in the telling Fae Graham Austin-King, 2015-06-01 Faeries The Fae The Stuff of Bedtime Stories and Fables Sometimes the faerie tales are true Sometimes they are a warning For a hundred generations the fae have been locked away from the world In the cold The Outside They have faded out of sight and mind into myth and folklore But now the barriers are weakening and the fae push against the tattered remnants of the Wyrde as they seek a way to return As a new religion spreads across the world sweeping the old ways and beliefs away before it a war like people look across the frozen ocean towards the shores of Anlan hungry for new lands War is coming even as the Wyrde of the Droos is fading Only by realizing the truth lost in a child's tale will the world hope to withstand the wild hunt The Wild Hunt of the Ghost Hounds Penelope Lively, 1986 The revival of an ancient dance in an English village stirs up legendary unseen evil spirits which terrify a girl and her friend Supernatural beings from Slovenian myth and folktales Monika Kropej, 2012-01-01 Focusing on Slovenian mythology the book contains a review of Slovenian mythological historical and narrative material Over 150 supernatural beings are presented both lexically and according to the role that they have in Slovenian folklore They are classified by type characteristic features and by the message conveyed in their motifs and contents The material has been analysed in the context of European and some non European mythological concepts and the author deals with theory and interpretations as well as the conclusions of domestic and foreign researchers. The book forms new starting points and a classification of supernatural beings within a frame of a number of sources some of which have been published for the first time in this book **The Origin of the Wild Hunt** Eric Joseph Cruanes, 2017 The purpose of this study is to discover the origins of a myth known as The Wild Hunt a phenomenon where Odin and his band of undead warriors race across the sky in a noisy cavalry charge These events served as an explanation for loud and violent storms Many assume this story is of Germanic origin since most of the documentation comes from that region The source of this assumption is predominately the works of well known German folklorist Jacob Grimm who compiled numerous wild hunt stories in his book Teutonic Mythology However upon closer inspection themes from various wild hunt myths can be found in other parts of the world lending to the idea that this myth can trace its thematic origins to more ancient times The information and research was obtained through close analysis of primary and secondary sources Primary sources consisted of a range of documents from the ancient world to the Early Modern Era that have been transcribed into English In addition a personal interview was conducted Secondary sources consisted of historiographies scholarly articles and anthologies It was discovered throughout this research that the wild hunt is an umbrella term used to describe a variety of events and beliefs However though the myths may vary all of them can trace its lineage back to mankind s earliest written stories and beliefs proving that this myth and possibly many others share a connection with our most ancient ancestors The Wild Hunt of Hagworthy Penelope

Greenspell Kathy Ann Trueman,2007-11 In this collection of fantasy short stories all featuring female protagonists you ll find diverse imaginative tales including A sorceress unravels a spell and gets a result she could never have expected A young girl wins a contest her prize to speak with a god A vampire in hiding fears she ll be blamed for the reckless depredations of another of her kind A minstrel travels with a witch who has a pair of very unusual cart horses As a bonus this anthology includes The Sow s Ear originally published in Marion Zimmer Bradley s acclaimed Sword and Sorceress series
