*Spanish Architecture Of The Sixteenth Century* Arthur Byne,1917      The Grove Encyclopedia of Medieval Art and Architecture Colum Hourihane,2012 This volume offers unparalleled coverage of all aspects of art and architecture from medieval Western Europe from the 6th century to the early 16th century Drawing upon the expansive scholarship in the celebrated Grove Dictionary of Art and adding hundreds of new entries it offers students researchers and the general public a reliable up to date and convenient resource covering this field of major importance in the development of Western history and international art and architecture      *The Man Who Broke Michelangelo's Nose* Felipe Pereda,2024-08-20 Renaissance sculptor Pietro Torrigiano has long held a place in the public imagination as the man who broke Michelangelo's nose Indeed he is known more for that story than for his impressive prowess as an artist This engagingly written and deeply researched study by Felipe Pereda a leading expert in the field teases apart legend and history and reconstructs Torrigiano's work as an artist Torrigiano was in fact one of the most fascinating characters of the sixteenth century After fighting in the Italian wars under Cesare Borgia the Florentine artist traveled across four countries working for such patrons as Margaret of Austria in the Netherlands and the Tudors in England Torrigiano later went to Spain where he died in prison accused of heresy by the Inquisition for breaking a sculpture of the Virgin and Child that he had made with his own hands In the course of his travels Torrigiano played a crucial role in the dissemination of the style and the techniques that he learned in Florence and he interacted with local artisanal traditions and craftsmen developing a singular terracotta modeling technique that is both a response to the authority of Michelangelo and a unique testimony to artists mobility in the period As Pereda shows Torrigiano's life and work constitute an ideal example to rethink the geography of Renaissance art challenging us to reconsider the model that still sees the Renaissance as expanding from an Italian center into the western periphery

**Cervantes and the Burlesque Sonnet** Adrienne Laskier Martin,2023-04-28 Cervantes and the Burlesque Sonnet delves into the overlooked yet rich tradition of burlesque poetry with a focus on the humorous works of Spain's literary titan Miguel de Cervantes Often overshadowed by his masterpiece Don Quixote Cervantes's burlesque sonnets reveal his prowess not only as a storyteller but as a poet who masterfully wielded humor to critique and celebrate human folly This book offers an in depth analysis of these sonnets framing them as a critical part of Cervantes's legacy and as a lens to better understand his broader comedic vision By examining the playful ridicule and festive spirit of his burlesque poetry the study showcases Cervantes's ability to use humor as both an artistic and philosophical tool Burlesque with its roots in mockery and inversion stands apart from satire by embracing a more festive less censorious tone Cervantes's burlesque sonnets full of vibrant ridicule and playful trickery reflect a worldview that finds joy in the absurdities of life The book situates these poems within the broader European comic tradition while arguing for their unique aesthetic value Eschewing the beautiful for the bawdy and the laughable Cervantes's burlesque challenges readers to embrace imperfection and irrationality as quintessential

human traits Through this lens the burlesque sonnets not only entertain but also invite profound reflections on truth humanity and the comic undercurrents of existence This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1991

*Imperial Tapestries* Julia L. Farmer,2016-07-26 *Imperial Tapestries* represents a transnational approach to questions of monarchical power and literary form in early modern Europe In line with Barbara Fuchs s recent call for considerations of center versus periphery in Old World contexts it explores the ways in which

some of the most significant authors of the early modern era questioned the structures of Spanish Habsburg authority through imperial texts texts that call attention to their organizational process in order to mirror authors perceptions of the structures of Habsburg power With a contextual basis in Fuchs notion of imperium studies ideas of self fashioning and theories of early modern reading the study explores the ways in which complex narrative forms in the early modern period reflected the concerns with the structures of Habsburg imperial power subtly portrayed within the narratives themselves A close reading of the various strands that form the tapestries of the texts at issue reveals a deep undercurrent of misgivings toward various manifestations of Spanish Habsburg power on the part of authors who had experienced its effects first hand Whether the complex narrative devices in question cast the Habsburg monarchs as monster misogynist sorceress aloof shepherdess or mad would be knight errant they all have one thing in common the spatialized forms that they create correspond directly with the ways in which the authors in question perceive the more disillusioning aspects of Habsburg hegemony Authors studied in the volume include Ludovico Ariosto Garcilaso de la Vega Jorge de Montemayor Miguel de Cervantes and Mar a de Zayas

**National Republican** ,1928      **Town Journal** ,1928      **5000 Years of Tiles** Hans Van Lemmen,2013-10-22 A comprehensive full color exploration of tile art and production worldwide from earliest times to the present day The book is both an authoritative work of reference and a visual delight ranging from ancient Greece where the first fired roof tiles date from as early as the third millennium BC to twentieth century Mexico Along the way we encounter stunning examples of the tiler s art the enormous English medieval floor pavements from Byland Abbey and Clarendon Palace figural tiles from China intended to adorn roofs and ward off evil the famous Iznik tiles from the Islamic world with their richly decorative patterns the highly stylised ceramic tiles of the Arts and Crafts movement and the tiles created by some of the finest ceramic artists and potters of the twenty first century Placing the tiles firmly in their historical and cultural context the book highlights both continuity and diversity the dissemination of techniques and designs and how tile art in one time and place has inspired and rejuvenated those in others Tiles are also studied in terms of function as well as form and the full range of architectural and practical purposes for which they have been used from floors to roofs stoves to bathrooms cathedrals to metro stations will be explored along with the various techniques employed to create such versatile pieces 5000 Years of Tiles is the essential most comprehensive single volume for anyone interested in the ceramic decorative and architectural arts
