disappear from sight in this writing highlighting issues of male insecurity and female disorientation in a new gender landscape Hence the novels examined here by authors James Kelman Jancie Galloway Jackie Kay A L Kennedy and Alan Warner strongly challenge the stereotype of the Scottish hardman and his dominance in 20th century Scottish fiction Disappearing Men dissects this challenge by giving major consideration to the relationship between the innovative literary forms often found in this writing and the concepts of selfhood they give rise to The possibilities inherent in these texts of reimagining gender identity and relations make them important contemporary documents of our struggles with realising selfhood and relations with others A sustained and intimate analysis this monograph will be of crucial interest to those concerned with issues of gender and representation in our rapidly changing era
