**Age of Revolutions, 1795-1800** ,2011-01-01 From 1795 through 1800 a series of revolts rocked Cura ao a small but strategically located Dutch colony just off the South American continent A combination of internal and external factors produced these uprisings in which free and enslaved islanders particiapted with various objectives A major slave revolt in August 1795 was the opening salvo for these tumultuous five years While this revolt is a well known episode in Cura ao an history its wider Caribbean and Atlantic context is much less known Also lacking are studies sketching a clear picture of the turbulent five years that followed It is in these dark corners that this volume aims to shed light The events discussed in this book fall squarely within the Age of Revolutions the period that began with the onset of the American Revolution in 1775 was punctuated by the demise of the ancien r gime in France saw the establishment of a black state in Haiti and witnessed the collapse of Spanish rule in mainland America All of these revolutions seemed to converge by the late eighteenth century in Cura ao The seven contributions in this volume provide new insights in the nature of slave resistance in the Age of Revolutions the remarkable flows of people and ideas in the late eighteenth century Caribbean and the unique local history of Cura ao

*Historical Dictionary of the Olympic Movement* John Grasso,Bill Mallon,Jeroen Heijmans,2015-05-14 The Olympic Movement began with the Ancient Olympic Games which were held in Greece on the Peloponnesus peninsula at Olympia Greece It is not clear why the Greeks instituted this quadrennial celebration in the form of an athletic festival The recorded history of the Ancient Olympic Games begins in 776 B C although it is suspected that the Games had been held for several centuries by that time The Games were conducted as religious celebrations in honor of the god Zeus and it is known that Olympia was a shrine to Zeus from about 1000 B C In modern time The Olympic Movement attempts to bring all the nations of the world together in a series of multisport festivals the Olympic Games seeking to use sport as a means to promote internationalism and peace This fifth edition of Historical Dictionary of The Olympic Movement covers its history through a

chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 1000 cross referenced entries on the history philosophy and politics of the Olympics major organizations the various sports the participating countries and especially the athletes This book is an excellent access point for students researchers and anyone wanting to know more about The Olympic Movement     The Gentleman's Companion Charles Henry Baker, ONE COMFORTABLE fact gleaned from travel in far countries was that regardless of race creed or inner metabolisms mankind has always created varying forms of stimulant liquid each after his own kind Prohibitions and nations and kings depart but origin of such pleasant fluid finds constant source Fermentation and the art of distilling liquors over heat became good form about the time our hairy forefathers began sketching mastodon and sabretooth tiger on their cave foyers Elixir of fruit juice crushed root and golden honey date back to the dawn of time and far beyond the written word to when the old gods were young and stalked abroad upon business with goddesses when Pan piped the dark forest aisles and Centaurs pawed belly deep in fern The Phoenicians the Pharaohs the first agrarian Chinese all ancient races on earth buried jars of wine or spirits with their dead alongside the money and food and weapons and wives so the departed might find reasonable comfort and happiness in the hereafter Go to Africa and the poorest Kaffir cheers life with and for all of us he can have it warm millet beer We just returned from Mexico and can affirm that our Yucatecan most certainly ripped the bud out of his Agave Americana and drank the fermented pulque a fluid which tastes faintly like mildewed donkeys centuries before Montezuma's parents journeyed southward to the Valley of Cortez We found additional evidence after three voyages to Zamboanga in Philippine Mindanao where the monkeys have no tails that the more agile Moro shinnied up his cocopalms and slashed the flower bud with his bolo caught the saccharine drip and an astounding menagerie of assorted squirt ants in a fermentation joint of bamboo long before the Spanish Inquisition or Admiral Dewey steamed into Manila Bay In Samoa the loveliest tribal virgin chews the kava root for the ceremonial bowl when your yacht sails into her lagoon and the resultant fluid furnishes a sure ticket to amiable paralysis of the lower limbs China and Japan have for centuries had their rice wine and saki The Russian made his vodka from cereals the blond Saxon his honey mead the Hawaiian his okolehao from roots or fruits We've been often to the Holy Land and have flown across to Transjordan and the rose red city of Petra and can bear witness that those grapes Moses the Lawgiver found in the Promised Land weren't all of a type suitable for raisins To any reasonable mind this past and present testimony of mankind through the ages would indicate that some sort of fluid routine will continue for many centuries to come With adventurers like Marco Polo Columbus Tavernier and Magellan there was a vast national introduction and interchange of beverages For better or worse both conquistador and native sampled discarded or adapted an incredible addition of liquid blends and formulae Through rigour or amiability of climate through physical racial and psychological characteristics of the individuals themselves from the cocoon of this pristine field work there emerged an equally incredible list of drinks mixed or otherwise which for one reason or another have stood the test of time and taste and

gradually have become set in form They have become traditional accepted in ethical social intercourse And it is with the more civilized family of these that we are concerned in this volume not the pulques and warm mealie beer or fermented Thibetan yak milk
