Literary Geographies and the Work of David Ireland Brett Heino, 2025-10-01 This book explores the spatiality of post World War II

Australian society through the vehicle of David Ireland's literature. Employing concepts from radical geography and structural Marxist literary theory, it posits the existence of a spatial unconscious of literary texts whereby they encode the spatiality of the society into which they are born. By mining the spatial unconscious of Ireland's texts, we can create a complex, unique and highly fertile atlas of the spaces and places of Australia. In particular, Ireland's works ideologically handle the contradictory relationship between capitalism's regime of abstract space, rooted in the production process and the state, and the meaningful social places that can be forged out of the struggle of social forces, including workers, lumpenproletarians, women and indigenous peoples. In the midst of the contemporary spatial crisis, this study of Ireland is a form of mapping, creating an atlas by which we might plot our past and present and orient ourselves to the future.

Amy's Children Olga Masters, 2013-06-26. Abandoned by her feckless husband during the Depression, Amy decides to leave her country town and her three infant children and try her luck in the big smoke. Life in wartime Sydney is far from easy, but for Amy, there are the hard-won satisfactions of an office job and a house of her own. Until her eldest Kathleen appears, needing a home while she attends high school. And Amy falls in love with a married man. Enlivened with note-perfect observations of the everyday, wrenching in its portrayal of a young woman struggling to succeed yet often wilfully ignorant of her own children, Olga Masters' second and last novel is a triumph. At its centre is Amy, one of the great characters in Australian literature. This edition comes with an introduction by the novelist Eva Hornung. Olga Masters was born in Pambula, New South Wales, in 1919. She married at twenty-one and had seven children, working part-time as a journalist, leaving her little opportunity to develop her interest in creative writing until she was in her fifties. In the 1970s, Masters wrote a radio play and a stage play, and between 1977 and 1981 she won prizes for her short stories. Her debut, the short story collection *The Home Girls*, won a National Book Council Award in 1983. She wrote two novels and three collections of stories, the third of which was published posthumously. Masters died in 1986. A beautiful little book, written with great gentleness and warmth. *Courier Mail*. Olga Masters writes with freshness and brimming exuberance, and yet control over her material is absolute. Amy's Children is a polished moving story, one that touches the very roots of being and feeling without the barest hint of cliché. Age. Amy's Children offers a delightfully wicked view of female values and culture. *Bulletin*. Masters' best work. It captures in photorealist detail the peeling facades of the inner city during the years when the Depression was supplanted by war. What makes this quiet novel so remarkable? Partly it is the language, as regular and minutely exact as Amy's aunt's hand-sewn buttonholes. But the real magic lies in the way such words are deployed. The sense of loss that pervades this final work is palpable. *Geordie Williamson*.
