Things Unholy Land is probably better than Michael Chabon's Yiddish Policeman's Union Bradley Horner author of the Darkside Earthier series **The Cambridge History of Twentieth-Century English Literature** Laura Marcus, Peter Nicholls, 2004 Publisher Description **The New Century Dictionary of the English Language** Hulbert G. Emery, Katharine G. Brewster, 1927 **The Vampire in Nineteenth Century English Literature** Carol A. Senf, 1988 Carol A. Senf traces the vampire's evolution from folklore to twentieth century popular culture and explains why this creature became such an important metaphor in Victorian England This bloodsucker who had stalked the folklore of almost every culture became the property of serious artists and thinkers in Victorian England including Charlotte and Emily Bront George Eliot Charles Dickens Karl Marx and Friedrich Engels People who did not believe in the existence of vampires nonetheless saw numerous metaphoric possibilities in a creature from the past that exerted pressure on the present and was often threatening because of its sexuality **English Congregational Hymns in the Eighteenth Century** Madeleine Forrell Marshall, Janet M. Todd, 2014-07-15 Historians of the English congregational hymn focusing on its literary or theological aspects have usually found the genre out of step with the rationalist era that produced it This book takes a more balanced approach to the work of four writers and concludes that only eighteenth century Britain with its understanding of public verse common truth and the utility of poetry could have invented the English hymn as we know it The early hymns sought to inspire teach stir and entertain congregations The essential purpose shifted slightly in line with each poet's setting and in accord with the poetic thought of his day For Isaac Watts's Independents powerful traditional imagery was appropriate Charles Wesley's enthusiasm proceeded from and served the spirit of the revival John Newton's prophetic vision particularly suited the impoverished community at Olney William Cowper's masterful handling of formal conventions and his idiosyncratic personal hymns reflect his poetic rather than clerical vocation Despite such temporal variations the great poetry by each man displays themes of general Christian relevance suggesting common experience showing normative features of the genre and bearing a complex and intriguing relationship to secular literature *Common: The Development of Literary Culture in Sixteenth-Century England* Neil Rhodes, 2018-04-13 This volume explores the development of literary culture in sixteenth century England as a whole and seeks to explain the relationship between the Reformation and the literary renaissance of the Elizabethan period Its central theme is the common in its double sense of something shared and something base and it argues that making common the work of God is at the heart of the English Reformation just as making common the literature of antiquity and of early modern Europe is at the heart of the English Renaissance Its central question is why was the Renaissance in England so late That question is addressed in terms of the relationship between Humanism and Protestantism and the tensions between democracy and the imagination which persist throughout the century Part One establishes a social dimension for literary culture in the period by exploring the associations of commonwealth and related terms It addresses the role of Greek in the period before and during the Reformation in disturbing the old binary of elite Latin and common English

It also argues that the Reformation principle of making common is coupled with a hostility towards fiction which has the effect of closing down the humanist renaissance of the earlier decades Part Two presents translation as the link between Reformation and Renaissance and the final part discusses the Elizabethan literary renaissance and deals in turn with poetry short prose fiction and the drama written for the common stage

The Oxford Companion to Twentieth-Century

Literature in English Jenny Stringer,1996-09-26 This is a unique new reference book to English language writers and writing throughout the present century in all major genres and from all around the world from Joseph Conrad to Will Self Virginia Woolf to David Mamet Ezra Pound to Peter Carey James Joyce to Amy Tan The survivors of the Victorian age who feature in The Oxford Companion to Twentieth Century Literature in English writers such as Thomas Hardy Olive Schreiner Rabindranath Tagore Henry James could hardly have imagined how richly diverse Literature in English would become by the end of the century Fiction plays poetry and a whole range of non fictional writing are celebrated in this informative readable and catholic reference book which includes entries on literary movements periodicals and over 400 individual works as well as articles on some 2 400 authors All the great literary figures are included whether American or Australian British Irish or Indian African or Canadian or Caribbean among them Samuel Beckett Edith Wharton Patrick White T S Eliot Derek Walcott D H Lawrence Tennessee Williams Vladimir Nabokov Wole Soyinka Sylvia Plath as well as a wealth of less obviously canonical writers from Ana s Nin to L M Montgomery Bob Dylan to Terry Pratchett The book comes right up to date with contemporary figures such as Toni Morrison Ben Okri Salman Rushdie Carol Shields Tim Winton Nadine Gordimer Vikram Seth Don DeLillo and many others Title entries range from Aaron s Rod to The Zoo Story topics from Angry Young Men Bestsellers and Concrete Poetry to Soap Opera Vietnam Writing and Westerns A lively introduction by John Sutherland highlights the various and sometimes contradictory canons that have emerged over the century and the increasingly international sources of writing in English which the Companion records Catering for all literary tastes this is the most comprehensive single volume guide to modern and postmodern literature
