collection of new essays in Shakespeare Studies from a generation of scholars presently emerging out of Australia and New
Zealand These 18 essays respond in a myriad of ways to the challenge of Prospero's phrase from *The Tempest* in which he
tells his daughter Miranda that in his life before the island he had been rapt in secret studies to an early modern audience
these words were likely to mean much more than a predilection for the black arts as modern audiences tend to hear in them
Each of the key words used by Prospero evoked a range of meanings in early modern times to which the emerging scholars
represented in this collection responded by imagining new pathways in Shakespeare Studies a field of study that has in
recent times risked being marginalised even within the traditional liberal arts The secret studies of which Prospero speaks
are in fact more liberal than dark and so the response by new scholars to a challenge issued by one of Shakespeare's
characters more than four centuries ago has a renewed sense of relevance in the academy today The essays are divided into
three sections each of which is oriented toward meanings that are specifically associated with one of the key terms in
Prospero's phrase The rapt section has essays concerned with excess in its various forms jealousy obsession sex violence and
even death as well as with travel and its impact on ways of knowing about the world In the secret section the nature of things
about which the early modern could scarcely speak are taken into consideration with essays on prevailing early modern
myths infidelities stillborn children contagion and the instruments of secrecy such as gossip and spies Finally in the study
section essays cover issues related both to early modern textual practice the use of historical source materials in
Shakespeare's writing questions of multiple authorship and the issue of early modern style and kinds of drama and to more
modern scholarly practice such as the role of Shakespeare in the New Bibliography and the New Historicism *A Dictionary*
