discovers that she has a twin sister in Ireland The Pleasure of Eliza Lynch Anne Enright, 2004-03-03 The novel opens in Paris in the midst of the sexual embrace that makes Eliza Lynch the mistress of Francisco Solano López the third dictator of Paraguay She is nineteen years old but wise beyond her years initiated into sex by a Mr Bennett a friend of her family's while still at school she has had many lovers and even been married to an abusive Frenchman named Quatrefages from whom she escaped in north Africa to return to Paris She is currently a society paramour who maintains a respectable facade even while sleeping with a dressmaker in exchange for credit López is a young comer in Paraguayan politics the son of the current dictator who is in Europe on a diplomatic tour and to recruit engineers and others to help on his plan to build the first railway in South America He goes to Eliza Lynch for French lessons but history has other plans for them A few months later Eliza realizes she is pregnant Eliza accompanies López on his tour of the continent and they are now aboard the Tacuar having made the Atlantic crossing and navigating the Rio Parana towards Asunción Paraguay López's home Hugely pregnant Eliza swings in a hammock feeling simultaneously imperious she drinks champagne cooled by being dragged through the river's water on a rope she presides over card games which mimic the high society she has left behind and gets to know the English engineer and Scottish doctor her husband has hired and helpless completely out of her element in a tropical buggy landscape But Eliza is a quick study she befriends Milton her husband's Guaraní Indian servant who teaches her to starch her dresses with porridge to combat the humidity as the locals do and quickly begins to think about fixing up Francine her maid with one of the men her husband has recruited to assist in his nationalist ambitions Eliza proves herself a formidable woman with exactly the right combination of strength will resources and the strategic ability to make allowances for the powerful that will prove her over the course of López's rule his most powerful ally When it becomes clear López may desire as Eliza calls him wants to sleep with Francine himself Eliza sends the girl off to him consolidating her own power even as she betrays herself As they arrive in Asunción she dresses in a lilac gown that is at the cutting edge of Paris fashion astonishing the crowd at the pier with her poise her beauty her blonde physical foreignness even as she is going into labor Throughout the book chapters that tell the story of the journey up the Rio Parana written in Eliza's voice are interspersed with chapters narrated mostly by Dr Stewart the Scottish physician telling of the legend she later becomes of the war her husband wages and of its consequences for her and the men whose company she kept in the elegiac innocent days aboard the Tacuar Eliza becomes a scandal when they reach Paraguay From the moment of their arrival in Asunción which quickly gains the status of popular legend as Eliza's union with López becomes a national fact she is a larger than life figure López's family rejects her but the strength of his will he is a man whose ambitions may not be refused from the quotidian desire to possess a woman to the political desire that will shape Paraguayan history establishes Eliza as something they will have to deal with Her son is born though Stewart who was to have been her personal physician is so horrified by her as a person that he does not attend the birth She has the boy christened in order to make him the legitimate heir despite his bastard origins and the existence of

another son by Lopez's previous mistress. The women of Paraguayan society shun her; she builds a beautiful Quinta villa where she entertains all the strategically important men but none of the women will befriend her. She hosts a picnic on board the Tacuar to celebrate the importation of some Basque peasants who are supposed to build a new town. All the women of Asunción attend but none of them will speak to her. As retaliation she has Milton in the role of major-domo throw all the food overboard and keeps the ship at anchor in the hot sun for most of the day until the women are fainting from the heat. In an act which hastens the old Lopez's decline and her lover's ascent to head of state, Eliza builds a gorgeous theater modeled on the great theaters of Europe and mounts a play written by a European actor she has imported but based on Paraguayan national themes. It is her bid for the office even if only symbolic of Paraguayan First Lady Francine; the maid dies horribly of a tropical illness that eats away much of her jaw and facial features and in treating Francine, Stewart reconciles with Eliza. In 1865, three years after his father's death, Lopez's territorial disputes with Brazil, Argentina, and Uruguay lead to the War of the Triple Alliance with tiny Paraguay at war with all three nations. Dr. Stewart, the Scottish doctor we met on the Tacuar and who is now married to a Paraguayan society girl named Venancia Baez whom he has grown to intermittently love and find extremely annoying, watches as the war grows and becomes ever more bloody and farcical; it will eventually result in the deaths of what is reportedly half the national population and Lopez's sanity becomes more and more questionable. He envisions the war as a vast canvas of would-be heroism and actual shame and ruin. And whither Lopez so goes Eliza. Rumors are that it is her ambition and rapaciousness more than his that spurs on the war; that she is his procuress providing him with an endless succession of girls whose virginity she verifies herself even that she is a cannibal who eats the battlefield dead. Public appearances are more and more rare but Stewart does see her in the road near a graveyard late one night walking without her usual entourage completely alone. He follows her for a time then catches up and walks her home and at the door kisses her and magnifies that kiss in his imagination into a sexual embrace. It is not until years later that he realizes she must have been visiting the grave of a child who died in infancy. She gives a dinner party for him and some of the rising officers of the army and in a brief moment away from company reveals her sadness to him. All of the officers are a little in love with her. Stewart reflects. She reveals that Benigno, her husband's brother, hates her and plots against her which is why she has come to the front. She has now borne Lopez several sons. The final action of the war takes place with Eliza's black coach, a carriage she has had painted with twelve coats of black lacquer and drawn by midnight-colored horses, leading the Paraguayan army into retreat. Lopez's madness is full-blown. He is demanding absolute blind allegiance from all of his countrymen and executes men daily for disloyalty including his own family particularly the brother who alienated Eliza. Stewart, exhausted after five years at war, is led through the battlefield by a Guaraní Indian girl who becomes obscurely comforting to him in the long absence of his wife. He finds comfort in her arms once but realizes she is younger than he thought and after that merely relies on her for someone to warm himself against in the night. He has become Lopez's personal doctor which requires him to

examine his stool and dress his gonorrheic penis in chalk to prevent or stave off its drip Eliza too is losing her mind her firstborn son who has become a kind of golden symbol for the possible new Paraguay reveals that she does not sleep at night subsisting on naps for a few minutes at a time At night Stewart can hear her in her tent fighting with Lopez When will you marry me she shouts But Lopez's irrefutable will takes her over once again and soon they are making love It is only a matter of time however before the Brazilian army overtakes them and when they do Lopez is immediately shot and killed though like Rasputin there is some suggestion that he was still alive when he fell off his horse into the river and drowned Stewart still on the battlefield manages to avoid being killed himself by brandishing his forceps and the men watch unable to join in on penalty of being shot as Eliza iron of will to the end digs a grave for her lover and their dead sons and buries them with her own hands Stewart's last glimpse of Eliza Lynch occurs three years later in Edinburgh where he has brought Venancia and his family He and Venancia have rediscovered a sweet middle aged love and she has taken to life in Scotland One day he is strolling the main road with his daughter when he sees the Indian Milt n still in Eliza's service standing by her coach Then he sees Eliza herself walking up to a door regal as ever and her golden hair flaming in the sun He realizes she must have made some sort of deal with Camarr the Brazilian general recalling her exodus in chains but alive and accompanied by all of her belongings and retinue And now she is in Edinburgh likely visiting her lawyers regarding money Stewart brought with him out of Paraguay taxes on the export of yerba mate which were granted to him by Lopez years before

Laying Out the Bones Bridget English, 2017-12-01 English sheds new light on death and dying in twentieth and twenty first century Irish literature as she examines the ways that Irish wake and funeral rituals shape novelistic discourse She argues that the treatment of death in Irish novels offers a way of making sense of mortality and provides insight into Ireland's cultural and historical experience of death Combining key concepts from narrative theory such as readers competing desires for a story and for closure with Irish cultural analyses and literary criticism English performs astute close readings of death in select novels by Joyce Beckett Kate O'Brien John McGahern and Anne Enright With each chapter she demonstrates how novelistic narrative serves as a way of mediating between the physical facts of death and its lasting impact on the living English suggests that while Catholic conceptions of death have always been challenged by alternative secular value systems these systems have also struggled to find meaningful alternatives to the consolation offered by religious conceptions of the afterlife
