spawned will soon be extinct Finally Keinan puts forward a bold and original plan to rewrite the Jewish code proposing a new model for Judaism and for community in general Keinan was born to a secular Jewish family in Florida His interest in Judaism was ignited by a Christian minister at his New England prep school and led him down the unlikely path to enlistment in the Israel Air Force Using his own dramatic experiences as a backdrop and applying lessons from his life as a business leader and social activist Keinan takes the reader on a riveting adventure weaving between past present and future and fusing narrative with theory to demonstrate Judaism's value to humanity and chart its path into the future Advance praise for God Is in the Crowd Beautifully written brilliantly argued this is a unique contribution to the conversation and a must read for anyone concerned with Jewish continuity Yossi Klein Halevi author of Letters to My Palestinian Neighbor God Is in the Crowd blends social science economics religion and national identity to help us see more clearly who we are as individuals people and a society Dan Ariely author of The Upside of Irrationality American Israeli entrepreneur fighter pilot and investor Keinan's diagnosis of Israel and the Jewish Diaspora is provided through the lens of a rich and gripping life story Keinan's contribution is indispensable to the debate about the future of the Jewish people Dan Senor co author of Start up Nation
