English Literature with new perspectives Orality: the Quest for Meanings Zothanchhingi Khiangte,2016-10-28 This collection assembles significant research papers on the concept of orality theoretical approaches and oral traditions juxtaposed with writing culture and folklore Many of the essays also deal with issues of gender in oral cultures like those of Northeast India The collection serves as an introduction to the varied ways in which the analysis of oral traditions has revitalized the quest for meanings in orality **Seasons of Moon and Flame** Danielle Dulsky,2020-03-10 Prepare to Be Mentored by the Sacred Hags The yearning to slow down and simplify return to the earth and maybe evenrewild what has been tamed in ourselves persists even though that dream may seem ever more remote in contemporary life Danielle Dulsky shows that even in our high tech and high pressure lives it is possible to manifest your own year of the wild and to tap into often forgotten holy wisdom Seasons of Moon and Flame guides you to live cyclically while working with the archetype of the Sacred Hag or wild grandmother who appears in various guises Wonderfully inclusive with adaptations for families spiritual groups and other traditions this book is a potentially life changing guide to living mystically magically and in empowering harmony with the worlds of spirit and nature **Going Places** Robert Burgin,2013-01-08 Successfully navigate the rich world of travel narratives and identify fiction and nonfiction read alike with this detailed and expertly constructed guide Just as savvy travelers make use of guidebooks to help navigate the hundreds of countries around the globe smart librarians need a guidebook that makes sense of the world of travel narratives Going Places A Reader s Guide to Travel Narratives meets that demand helping librarians assist patrons in finding the nonfiction books that most interest them It will also serve to help users better understand the genre and their own reading interests The book examines the subgenres of the travel narrative genre in its seven chapters categorizing and describing approximately 600 titles according to genres and broad reading interests and identifying hundreds of other fiction and nonfiction titles as read alike and related reads by shared key topics The author has also identified award winning titles and spotlighted further resources on travel lit making this work an ideal guide for readers advisors as well a book general readers will enjoy browsing For the Good of All & to the Harm of None Lorenzo Alexander Chambers,2024-03-29 For the Good of All and to the Harm of None is a nonfiction writing that proposes viewing the world through a philanthropic lens and what that could mean for humanity Using the definition of philanthropy as engaging in endeavors that advance the well being of humanity we must address the idea of what constitutes humanity in the face of the social construct of race Until the thought process of every human being begins with the identification that we are all human beings first and we are affiliated with our tribe or ethnic heritages second there will always be oppression and inequities among us The idea of existentialism compels us to look at our lives through the lens of being mortals in that one day we will die and leave this earth Within this context a pressing question becomes since one day I will leave this planet what do I believe happens after I leave the planet How would I be remembered if I am remembered at all The answers to this question give us a reason and purpose or intention with regard to how we live Or in the absence of all of the above maybe we

live reckless unintentional lives because what does anything really mean At the end of the day examining your life choices from the perspective that one day it ends can be incentive enough to change how you live and how you we treat one another as human beings The Meaning of Contentment Mary McGuinness,2018-12-12 Mary s Prayer Mary McGuinness first book charted her journey to health through a lengthy period of illness from depression She told how she was healed by the power of prayer and through her love of music she possessed an inner drive and commitment to improve her life in the long term The Meaning of Contentment a sequel to the first book covers a period of almost six years In total the two volumes chronicle almost twenty years of her life charting the gradual changes taking place during two decades on the journey to middle age This second book reflects on these natural changes and also on the personal transformation that occurred because of the varied perspectives of McGuinness experiences This memoir shares the story of how a meeting with her Uncle John changed the course of her life The Meaning of Contentment tells how she strengthened both her identity and the familial bond while helping him It focuses on the friendship and the interactive learning experience that dramatically impacted on her future
