Milena Kaličanin, Soňa Šnircová, 2015-10-13 This book explores contemporary transformations of the female Bildungsroman showing that the intersection of the genre and gender brought to critical attention in the context of second wave feminism remains of equal importance in the era of postfeminism The female Bildung narrative has acquired an important position in twentieth and twenty first century literature through its continuing depiction of female self discovery and emancipation as a process of negotiating the traditional divisions of female and male roles in relation to the private and public spaces Recognizing the seminal contribution of feminist criticism to the definition of the genre and the role of feminist cultural processes in its thematic developments this volume investigates more recent influences on the female Bildung narrative and the influence of the classic female Bildungsroman on contemporary cultural texts As a collection of fifteen essays written by international scholars the book offers a representative sample of the narratives of female development presenting a variety of genres including the novel the short story autobiography TV series and Internet video blogs and theoretical frameworks adopting hermeneutic postcolonial feminist and postfeminist perspectives In its diversity this volume reveals that despite the ongoing process of women's emancipation the heroine's struggle with the private/public divide has remained throughout the twentieth century and in the first decades of the new millennium a central issue in stories about the female quest for self definition The book will be of interest to scholars and students in the fields of literary women and gender studies particularly those interested in the narratives of female development that represent American and British cultural contexts **A Haunting in Hialeah Gardens** Raul Palma, 2024-10-01 A genre bending debut with a fiercely political heart *A Haunting in Hialeah Gardens* explores the weight of the devil's bargain following the lengths one man will go to for the promise of freedom Hugo Contreras's world in Miami has shrunk Since his wife died Hugo's debt from her medical bills has become insurmountable He shuffles between his efficiency apartment La Carreta his favorite place for a cafecito and a botanica in a strip mall where he works as the resident babalwo One day Hugo's nemesis calls Alexi Ramirez is a debt collector who has been hounding Hugo for years and Hugo assumes this call is just more of the same Except this time Alexi is calling because he needs spiritual help His house is haunted Alexi proposes a deal If Hugo can successfully cleanse his home before Noche Buena Alexi will forgive Hugo's debt Hugo reluctantly accepts but there's one issue Despite being a babalwo he doesn't

believe in spirits Hugo plans to do what he's done with dozens of clients before use sleight of hand and amateur psychology to convince Alexi the spirits have departed But when the job turns out to be more than Hugo bargained for Hugo's old tricks don't work Memories of his past his childhood in the Bolivian silver mines and a fraught crossing into the United States as a boy collide with Alexi's demons in an explosive climax Equal parts hilarious and heartbreaking *A Haunting in Hialeah Gardens* explores questions of visibility migration and what we owe to ourselves our families and our histories

Shamans of the Foye Tree Ana Mariella Bacigalupo, 2010-01-01 Drawing on anthropologist Ana Mariella Bacigalupo's fifteen years of field research *Shamans of the Foye Tree: Gender, Power, and Healing among Chilean Mapuche* is the first study to follow shamans' gender identities and performance in a variety of ritual, social, sexual, and political contexts. To Mapuche shamans or machi, the foye tree is of special importance not only for its medicinal qualities but also because of its hermaphroditic flowers which reflect the gender-shifting components of machi healing practices. Framed by the cultural constructions of gender and identity, Bacigalupo's fascinating findings span the ways in which the Chilean state stigmatizes the machi as witches and sexual deviants, how shamans use paradoxical discourses about gender to legitimize themselves as healers, and at the same time as modern men and women, the tree's political use as a symbol of resistance to national ideologies and other components of these rich traditions. The first comprehensive study on Mapuche shamans' gendered practices, *Shamans of the Foye Tree* offers new perspectives on this crucial intersection of spiritual, social, and political power. [A Dream Compels Us](#) New Americas Press, 1989 These interviews, testimonies, and articles by and about women in the popular and revolutionary movements of El Salvador address Latin American feminism, the role of women in social change and war, and their ideas for building democracy out of totalitarianism

Myth and Environment in Recent Southwestern Literature, Theda Wrede, 2014-04-10 The romantic perception of the American Southwest as a wild and dangerous frontier where heroic settlers prove their endurance has often responded to a common human desire to escape from the pressures of civilization and experience an authentic relationship with nature. This idealized notion about life in the Southwest, however, has contributed to the subjugation of the indigenous populations and the natural world while helping to rationalize the conquest of both. In *Myth and Environment in Recent Southwestern Literature*, Theda Wrede brings contemporary Southwestern American literature under the microscope to examine the ways in which the mythic narrative has influenced attitudes toward the land in the region. Focusing on popular novels by Cormac McCarthy, Barbara Kingsolver, Leslie Marmon Silko, and Denise Chávez, Wrede explores the psychology behind the myth and discusses the ways in which the four authors deploy the mythic narrative to interrogate its validity and offer visions for alternative modes of inhabiting the Southwest. In combining ideas from a culturally sensitive ecofeminist theory, psychoanalysis, postcolonial studies, and literary studies, the study offers an innovative conceptual framework for discussions about environmental responsibility in the twenty-first century. Finally, it also encourages its readers to partake in the process of mythogenesis by imagining sustainable narratives to help rescue the promise of the Southwest for the new millennium.
