PAUL NEWMAN AND DAYTONA

This section shows the success and popularity of vintage watch collecting as a whole without acknowledging the impact Paul Newman had on the world.

Starting from the middle of the 1960s, Rolex further expanded its luxury and international image with its so-called "exotic" dials. These dials are immediately recognizable due to the fact that the brand's trademark "flared" is the celebratory signature. However, these dials feature 12 numbers, even the most precise is higher than the original and the remaining numbers are in different colors.

Today, these exotic dials are considered as the gold standard and have inspired Paul Newman — and watches with such dials are now commonly called "Paul Newman" Daytonas.

In fact, during the filming of *Winning*, Paul Newman left a hole with a ring and became a true champion collector. The role, *Winning*, was a great gift for a sports chronograph, as the film's success (which was 100%) was a personal and true success for the brand.
