# Roman Imperial Coinage Volume Iii Antoninus Pius To Commodus

**Cristian Gazdac, Marin Neagoe**

## **Roman Imperial Coinage Volume Iii Antoninus Pius To Commodus:**

**The Roman Imperial Coinage. Vol.III** Harold Mattingly,1930      **The roman imperial coinage. Vol. 3. Antoninus Pius to Commodus** Harold Mattingly,Edward Allen Sydenham,1930      **The Roman Imperial Coinage** John Kent,1994

This tenth volume of Roman Imperial Coinage completed the first edition of the series founded by Mattingly and Sydenham in 1923 Its layout is based on the division between the eastern and western parts of the empire and the reigns of successive emperors A further section deals with imitative coinages struck by certain of the barbarian peoples There are detailed accounts of the monetary system and mints and of the coin types and legends The catalogue comprises some 1 800 entries each individually numbered and illustrated by 80 plates NP The coinage is discussed not only in its historical setting but also in a comprehensive and documented conceptual context making RIC X essential reading for students of the late Roman and Byzantine period as well as for collectors This seminal volume is reprinted by Spink in 2018 to make it available again to all those interested in this fascinating period of Roman Imperial coinage NP Dr John Kent joined the Department of Coins and Medals at the British Museum in 1953 and was Keeper from 1983 until his retirement in 1990 As well as being an editor of the Roman Imperial Coinage series he is the author of Roman Imperial Coinage Volume VIII 1981      **The Roman Imperial Coinage** ,1962      The Roman Imperial Coinage Harold Mattingly,Angela Sydenham,1972      **The Roman Imperial Coinage: Antoninus Pius to Commodus** Harold Mattingly,1930      The Roman Imperial Coinage Harold Mattingly,Edward Allen Sydenham,1997      **The Reign of Emperor Antoninus Pius, AD 138-161** John S. McHugh,2022-10-07

The reign of Antoninus Pius is widely seen as the apogee of the Roman Empire yet due to gaps in the historical sources his reign has been overlooked by modern historians He is considered one of the five good emperors of the Antonine dynasty under whom the pax Romana enabled the empire to prosper trade to flourish and culture to thrive His reign is considered a Golden Age but this was partly an image created by imperial propaganda There were serious conflicts in North Africa and Dacia as well as a major revolt in Britain On his death the empire stood on the cusp of the catastrophic invasions and rebellions that marked the reign of his successor Marcus Aurelius Antoninus Pius became emperor through the hand of fate being adopted by Hadrian only after the death of his intended heir Lucius Aelius Caesar His rule was a balancing act between securing his own safety securing the succession of his adopted heir and denying opportunities for conspiracy and rebellion Equanimity was the last password he issued to his guards as he lay on his death bed In the face of the threats and challenges he remained calm and composed providing twenty three years of stability a calm before the storms that gathered both within and beyond Rome s borders      Roman Coins and Their Values Volume 1 David Sear,2000-12-31 The original edition of Sear s Roman Coins and Their Values was published by Seaby thirty six years ago and has been through four revisions 1970 1974 1981 and 1988 However the publication of the Millennium Edition of this popular work makes a radical departure from previous editions      *Roman Coins and Their Values Volume 4* David Sear,2011-12-31 This fourth

volume contains a comprehensive listing of the Roman coinage of the period AD 284-337 together with background information on the history of each reign and the principal characteristics of its coinage The catalogue is organized primarily by ruler with the issues then subdivided by denomination and by reverse legend and type      **Roman Coins and Their Values Volume 2** David Sear, 2002-12-31 Volume II now extends coverage of the Imperial series from Nerva the thirteenth Caesar and first of the Adoptive emperors down to the overthrow of the Severan dynasty in 235 It encompasses what may justifiably be termed the golden age of the Roman imperial coinage The full development of the Augustan system of coin denomination and perfection of the method by which government propaganda was communicated to the citizenry through the medium of coinage both reached their peak during these fourteen decades      **Roman Coins and Their Values Volume 5** David Sear, 2014-12-31 The current revision of this popular work marks a radical departure from the envisioned aims of the original edition This fifth and final volume of the Millennium edition contains a comprehensive listing of the Roman coinage of the period AD 337-491 together with background information on the history of each reign and the principal characteristics of its coinage The catalogue is organized primarily by ruler with the issues then subdivided by denomination and by reverse legend and type      **The Transition to Late Antiquity on the lower Danube** Andrew Poulter, 2019-09-30 Excavations on the site of this remarkable fort in northern Bulgaria 1996-2005 formed part of a long term program of excavation and intensive field survey aimed at tracing the economic as well as physical changes which mark the transition from the Roman Empire to the Middle Ages a program that commenced with the excavation and full publication of the early Byzantine fortress city of Nicopolis ad Istrum The analysis of well dated finds and their full publication provides a unique database for the late Roman period in the Balkans they include metal work pottery local and imported fine ware glass copper alloy finds inscriptions and dipinti on amphorae as well as quantified environmental reports on animal birds and fish with specialist reports on the archaeobotanical material glass analysis and querns The report also details the results of site specific intensive survey a new method developed for use in the rich farmland of the central Balkans In addition there is a detailed report on a most remarkable and well preserved aqueduct which employed the largest siphon ever discovered in the Roman Empire This publication will provide a substantial database of material and environmental finds an invaluable resource for the region and for the Roman Empire material invaluable for studies which seeks to place the late Roman urban and military identity within its regional and extra regional economic setting      Wealthy or Not in a Time of Turmoil? The Roman Imperial Hoard from Gruia in Roman Dacia (Romania) Cristian Gazdac, Marin Neagoe, 2018-06-30 A fully illustrated catalogue of the coins from a Roman imperial hoard found in Gruia Romania in the former Roman province of Dacia along with a comparative analysis of other similar hoards from throughout the Roman Empire revealing both general and specific hoarding patterns during the period      Classical Numismatic Auctions XX ,      **A Handbook of the Coinage of the Byzantine Empire** Hugh George Goodacre, 1928      **A Companion to Marcus Aurelius** Marcel van Ackeren, 2012-04-02 A COMPANION TO

MARCUS AURELIUS Considered the last of the Five Good Emperors Marcus Aurelius ruled the Roman Empire from ad 161 until his death in 180 yet his influence on philosophy continues to resonate in the modern age through his Meditations A Companion to Marcus Aurelius presents the first comprehensive collection of essays to explore all essential facets relating to contemporary Marcus Aurelius studies Featuring contributions from top international scholars in relevant fields initial readings provide an overview of source material by addressing such topics as manuscript transmission historical written sources archaeological evidence artifacts and coins Readings continue with state of the art discussions of various aspects of Marcus Aurelius his personal biography political cultural and intellectual background and aspects of his role as emperor reformer of administration military leader and lawgiver His Meditations are analyzed in detail including the form of the book his way of writing and the various aspects of his philosophy The final series of readings addresses evolving aspects of his reception A Companion to Marcus Aurelius offers important new insights on a figure of late antiquity whose unique voice has withstood the centuries to influence contemporary life **From Tiberius to the Antonines (Routledge Revivals)** Albino Garzetti, 2014-06-17 The first two centuries of the Christian era were largely a period of consolidation for the Roman Empire However the history of the heyday of Roman imperium is far from dull for Augustus successors ranged from capable administrators Tiberius Claudius and Hadrian to near madmen like Caligula and the amateur gladiator Commodus who might have wrecked the system but for its inherent strength Albino Garzetti's classic From Tiberius to the Antonines first published in 1960 presents a definitive account of this fascinating period which combines a clear and readable narrative with a thorough discussion of the methodological problems and primary sources Regarding difficult historical questions it can be relied upon for careful and reasonable judgments based on a full mastery of an immense amount of material Nearly three hundred pages of critical notes and a comprehensive bibliography complement the text ensuring its continuing relevance for all students of Roman history Excavations at Chester. The Northern and Eastern Roman Extramural Settlements Leigh Dodd, 2020-09-03 This publication presents the results of fifteen archaeological investigations carried out within the canabae to the north and east of the Roman legionary fortress at Chester between 1990 and 2019 Sylloge Nummorum Graecorum. Czech Republic. Volume I. The National Museum. Prague. Part 7. Seleucid Empire and Imitations, Syria, Phoenicia, Judaea Petr Veselý, Jiří Militký, Lenka Vacinová, 2023-01-01 The catalogue arranged according to standard rules geographically and chronologically and based on the metal and denominations contains 725 coins illustrated on 91 BW and 52 colour plates In the introductory text the history of the relevant part of the numismatic collection is presented including its beginnings the origin of individual acquisitions and previous fate of particular private collections which came to the National Museum Coins of the Seleucid Empire and Syrian cities are the most numerous components in the published assemblage Thus a fairly representative overview of Seleucid coinage was made covering the time span from Seleucus I to Antiochus XIII The catalogue also includes several previously unpublished coins and numerous variants of previously unpublished variants

demonstrating the extraordinary variety and intensity of Seleucid coin production The second most numerous assemblage within the published volume represent the coins of ancient Judaea from the Hasmonaeans to the Second Jewish Revolt including the Roman Provincial issues The coinage of ancient Phoenicia is considerably less numerous and represented mostly by the production of Aradus The rest of the relevant territories i e Mesopotamian Armenian and Arabian issues are presented only marginally within the published numismatic material An important part of the publication are the results of the XRF analyses of particular coins and their evaluation The published numismatic material and the way of its presentation is intended to make it available to further scientific research and to develop the current knowledge on the coinage of the Middle Eastern part of the ancient world

As recognized, adventure as capably as experience roughly lesson, amusement, as without difficulty as accord can be gotten by just checking out a ebook **Roman Imperial Coinage Volume Iii Antoninus Pius To Commodus** furthermore it is not directly done, you could give a positive response even more roughly this life, more or less the world.
