Under the Mistletoe Liz W. Faber, 2024-12-19 When you think of holiday romance in popular culture you probably imagine the formulaic made for TV movies we all love to watch a career gal moves from the big city to a small town where she finds the love of her life and the true meaning of Christmas Yet as with so much of the romance genre our favorite holiday movies books TV episodes and plays are so much richer than the oft derided formula The 22 essays in this volume turn a scholarly eye to one of our most beloved and under examined subgenres offering celebrations and criticisms alike of Christmas New Year Hanukkah and Diwali romances This work includes voices from global scholars across an impressive breadth of disciplines literature history theater media gender and sexuality studies sociology psychology anthropology law and victim studies Readers will delight in celebrations of old classics like Christmas in Connecticut new favorites like A Holly Jolly Diwali and everything in between

Seduction Rachel O'Neill, 2018-07-04 Within the so called seduction community the ability to meet and attract women is understood as a skill which heterosexual men can cultivate through practical training and personal development Though it has been an object of media speculation and frequent sensationalism for over a decade this cultural formation remains poorly understood In the first book length study of the industry Rachel O Neill takes us into the world of seduction seminars training events instructional guidebooks and video tutorials Pushing past established understandings of pickup artists as pathetic pathological or perverse she examines what makes seduction so compelling for those drawn to participate in this sphere Seduction vividly portrays how the twin rationalities of neoliberalism and postfeminism are reorganising contemporary intimate life as labour intensive and profit orientated modes of sociality consume other forms of being and relating It is essential reading for students and scholars of gender sexuality sociology and cultural studies as well as anyone who wants to understand the seduction industry s overarching logics and internal workings
