THE GUIDE TO ANSWERING ISLAM Daniel Janosik, 2019-01-26 The average Christian knows somewhat how dangerous radical Islam is because of the regular media coverage of beheadings of Christians Jews and even young little children not to mention Muslims with which they disagree However the average Christian does not know their true beliefs just how many there are to the extent they will go to carry

out these beliefs Daily we find Islamic commentators on the TV and radio offering up misleading information quoting certain portions of the Quran while leaving other parts out When considering Islamic beliefs other Islamic writings must be considered like the Hadith or Sunnah and the Shariah or canon law While Islam in general does not support radical Islam the vast majority do support radical beliefs For example beheadings stoning for adultery or homosexuality suicide bombings turning the world into an Islamic state and far too many other heinous things THE GUIDE TO ANSWERING ISLAM provides Christians with an overview of Islamic terminology The reader will learn about Muhammad s calling the history of the Quran how Islam expanded the death of Muhammad and the splinter groups that followed In addition the three sources of their teaching six pillars of belief five pillars of Islam the twelfth Imam and much more will be discussed While there are several books on Islam and radical Islam this will be the first that will prepare its readers to communicate effectively with Muslims in an effort toward sharing biblical truths THE GUIDE TO ISLAM will be an effective evangelism tool In addition each chapter will end with review questions helping the reader recall the main points of the chapter Therefore it can be studied alone or in a church Bible study setting THE GUIDE TO ANSWERING ISLAM has the contents constructed in a way that will greatly serve the Christian Church There are many recent books written by Christians about Islam and there are many books written recently about radical Islam However none of these recent books attempts to do what has been done which is to give an adequate portrayal of Islam critiqued by history and Christian doctrine and then culminating in an extensive evaluation of the rise of Radical Islam from a Christian s perspective

Guide for the Christian Perplexed Thomas P. Power, 2012-01-13 Thoughtful Christians are legitimately perplexed by a number of issues relating to the church's belief and practice They are perplexed partly because they recognize that the issues themselves are thorny and partly because they are not sure how to test the mutually inconsistent theories and explanations affirmed by diverse voices speaking with equal assurance Most Christians find relatively little occasion or encouragement to address their perplexities with intellectual candor and integrity If they dare to acknowledge their theological perplexities at all they are too often told that these perplexities are unimportant or that they can be answered very simply or that they should be left to the experts Guide for the Christian Perplexed written by members of the faculty of Wycliffe College Toronto aims to explore a diversity of issues and questions to do with our knowledge of Jesus the meaning of suffering the function of doctrine the understanding of Scripture the place of other religions the challenge of atheism the pleasures and complications of sexuality the nature of worship the way to evangelize our understanding who our

and evolution of religious evidentialism in England from 1585 to 1700 a deeply influential epistemology which claims that religious beliefs are only justified to the extent that we have evidence to substantiate them and that we have an obligation to proportion our assent to the strength of our evidence Given the propositions of faith lack the evidentness of objects of scientific knowledge absolutely certain assent to such beliefs is therefore epistemically unjustifiable This epistemology which breaks with the previous Christian tradition is classically formulated in John Locke's *An Essay concerning Human Understanding* first edition 1690 This study argues that this epistemology of belief can be traced back to the English theologian Richard Hooker 1554 1600 whose thought was then developed over the course of the seventeenth century Rule of Faith Controversy which acted as the crucible for these new ideas on faith evidence and certainty Voak shows that the key thinkers in this process including Locke himself were aware that this epistemology came from Hooker and used him in formulating their own influential positions
