discomfort unachievable ideals kooky classes and meddling experts When Monica Dux found herself pregnant with her first child she was dismayed to find she belonged firmly in the second category For her pregnancy could only be described as a medium level catastrophe So three years later and about to birth her second child Monica went on a quest to figure out what's really going on when we incubate Monica explores the aspects of baby making that we all want to talk about but which are too embarrassing unsettling or downright confronting She also looks at the powerful forces that shape women's experiences of being pregnant in the west the exploitative industries and the medical and physical realities behind it all Along the way she fends off sadistic maternal health nurses attempts to expand then contract her vagina and struggles to keep her baby's placenta off her hippy brother's lunch menu Scared Sh*tless Cary McNeal,2012-09-04 You'll laugh you'll cry you'll sit yourself Back by popular demand the mind blowing follow up to the bestselling 1 001 Facts That Will Scare the S t Out of You An all new collection of entertaining and horrifying truths about us our world and why we're totally screwed With more disturbing facts and fun new topics including weird celebrities boobs the internet clowns serial killers sexual fetishes bacon Elvis things that will eat you and more From stupid dead people to halitosis caused by constipation to a singer whose music can get you killed in some Jamaican neighborhoods it's all here everything you need to know about the scary s t that surrounds all of us FACT Men are four times as likely as women to be struck by lightning FACT McDonald's McRib sandwich contains some of the same ingredients used to manufacture gym mats and running shoes FACT M bius syndrome is a rare neurological disorder that renders victims unable to move their faces FACT You can get an STD from a bikini wax The Teen Owner's Manual Sarah Jordan,2014-07-22 At Last A Comprehensive Guide to Understanding Teens Hormones Rebellion Moodiness Peer pressure No parent can be fully prepared for all the challenges associated with adolescence Fortunately The Teen Owner's Manual is here to answer your most pressing questions How can I teach my teenager to make smart decisions How do I keep her safe on the Web How do I get him to communicate How and when should I talk to her about sex Whatever your concerns you'll find the answers right here courtesy of parenting author Sarah Jordan and adolescent medicine specialist Dr Janice Hillman **The Vagina: A Literary and Cultural History** Emma L. E. Rees,2013-08-01 From South Park to Kathy Acker and from Lars Von Trier to Sex and the City women's sexual organs are demonized Rees traces the fascinating evolution of this demonization considering how calling the c word obscene both legitimates and perpetuates the fractured identities of women globally Rees demonstrates how writers artists and filmmakers contend with the dilemma of the vagina's puzzlingly covert visibility In our postmodern porn obsessed culture vaginas appear to be everywhere literally or symbolically but crucially they are as silenced as they are objectified The Vagina A Literary and Cultural History examines the paradox of female genitalia through five fields of artistic expression literature film TV visual and performance art There is a peculiar paradox unlike any other regarding female genitalia Rees focuses on this paradox of what is termed the covert visibility of the vagina and on its monstrous manifestations That is what happens when the female body refuses to be

pathologized eroticized or rendered subordinate to the will or intention of another Common and often offensive slang terms for the vagina can be seen as an attempt to divert attention away from the reality of women's lived sexual experiences such that we don't look at the vagina itself slang offers a convenient distraction to something so taboo

The Vagina A Literary and Cultural History is an important contribution to the ongoing debate in understanding the feminine identity

The last taboo Karin Lesnik-Oberstein, 2013-07-19 This is the first academic book ever written on women and body hair which has been seen until now as too trivial ridiculous or revolting to write about Even feminist writers or researchers on the body have found remarkably little to say about body hair usually ignoring it completely It would appear that the only texts to elaborate on body hair are guides on how to remove it medical texts on hirsutism or fetishistic pornography on hairy women The last taboo also questions how and why any particular issue can become defined as self evidently too silly or too mad to write about Using a wide range of thinking from gender theory queer theory critical and literary theory history art history anthropology and psychology the contributors argue that in fact body hair plays a central role in constructing masculinity and femininity and sexual and cultural identities It is sure to provide many academic researchers with a completely fresh perspective on all of the fields mentioned above
