**Federal Outlook for Exceptional Children** ,2007

Between Beats Christi Jay Wells, 2021 The

Jazz Tradition and Black Vernacular Dance explores the complex intersections between jazz music and popular dance over the last hundred plus years. It aims to show how popular entertainment and cultures of social dancing were crucial to jazz music's formation and development but it also investigates the processes through which jazz music came to earn a reputation as a legitimate art form better suited for still seated listening. Through the concept of choreographies of listening the book explores amateur and professional jazz dancers' relationships with jazz music and musicians as jazz's soundscapes and choreoscapes were forged through close contact and mutual creative exchange. The book's later chapters also critically unpack the aesthetic and political negotiations through which jazz music supposedly distanced itself from dancing bodies. As musicians and critics sought to secure institutional space for jazz within America's body averse academic and high art cultures an intentional severance from the dancing body proved crucial to jazz's re-positioning as a form of autonomous elite art. Fusing little discussed material from diverse historical and contemporary sources with the author's own years of experience as a social jazz dancer this book seeks to advance participatory dance and embodied practice as central topics of analysis in jazz studies. As it tells the rich untold story of jazz as popular dance music this book also exposes how American anxieties about bodies and a broad cultural privileging of the cerebral over the corporeal have shaped efforts to elevate expressive forms such as jazz to elite status.

**Internet Comedy Television Series, 1997-2015** Vincent

Terrace, 2016-02-12 Created around the world and available only on the web Internet television series are independently produced mostly low budget shows that often feature talented but unknown performers. Typically financed through crowd funding they are filmed with borrowed equipment and volunteer casts and crews and viewers find them through word of mouth or by chance. The fourth in a series covering Internet TV this book takes a comprehensive look at 1,121 comedy series produced exclusively for online audiences. Alphabetical entries provide websites, dates, casts, credits, episode lists and storylines.

*Encyclopedia of Unaired Television Pilots, 1945-2018* Vincent Terrace, 2018-10-12 Covering the years 1945-2018 this alphabetical listing provides details about 2,923 unaired television series pilots including those that never went into production and those that became series but with a different cast such as *The Green Hornet*, *The Middle* and *Superman*. Rarities include proposed shows starring Bela Lugosi, Doris Day, Humphrey Bogart, Barbara Stanwyck, Orson Welles, Claudette Colbert and Mae West along with such casting curiosities as Mona Freeman not Gale Storm as Margie in *My Little Margie* and John Larkin as Perry Mason long before Raymond Burr played the role.

*Talking College* Anne H. Charity Hudley, Christine Mallinson, Mary Bucholtz, 2022 *Talking College* shows that language is fundamental to Black and African American culture and that linguistic justice is crucial to advancing racial justice both on college campuses and throughout society. Writing from a linguistics informed Black centered educational framework the authors draw extensively on Black college students' lived experiences to present key ideas about African American English and Black language practices. The text presents a model of how Black students navigate the linguistic expectations of college. Grounded in real world examples

of Black undergraduates attending colleges and universities across the United States the model illustrates the linguistic and cultural balancing acts that arise as Black students work to develop their full linguistic selves Talking College provides Black students with the knowledge they need to make sense of anti Black linguistic racism and to make decisions about their linguistic experiences in college It also offers key insights to help college faculty and staff create the liberating and linguistically just educational community that Black students deserve Book Features Weaves together information and approaches drawn from the authors extensive experience working with Black and other students of color in higher education Provides an up to date discussion of Black language practices and their role in Black students college experiences Discusses the racial politics of language including anti Black linguistic racism and the struggle for linguistic justice as part of racial justice Offers a detailed model of Black college students diverse linguistic and racial identities Outlines concrete steps toward racial and linguistic justice that students and faculty can take today Accessible to students and faculty without a background in linguistics while also engaging and informative for linguistics scholars
