

Were-Forms for GURPS 4th Edition

These templates are my attempt at creating Yrth style Were-creatures for GURPS 4th Edition. The first template is the base template common to all Yrth style Were's, with each other template representing a specific Were- form.

Normally Were- creatures have an animalistic mentality – however, the creature does share the same basic mind as the primary form, it just cannot comprehend it's world the same way unless the character has Split Personality.

To create a Were- with the same mind and personality as the character buy up the creature templates IQ, buy down Will & Perception, and buy off Bestial & Hidebound from the Wild Animal meta-trait (the cost for these changes is indicated by split prices fore each applicable trait).

The first cost listed for each template is for a standard bestial Were- form; the second cost is for the human intelligence Were- form. The third and fourth costs are for the bestial and intelligent cost added to the Alternate Form advantage with the 90% cost reduction (only correct if the native template is 0 points, e.g. Human; cost will be altered for other native racial templates).

Were- [17 + difference in template point costs]

Advantages: Regeneration: Regular (1HP/Hr) (Not in the presence of Silver, -10%) [23]; Shapeshifting: Alternate Form (Forced Change (Full Moons), -10%) [14]

Disadvantages: Infectious Attack [-5]; Vulnerability (Rarity: Rare (Silver), x1; Wounding Multiplier x3, -15) [-15]

Notes: All Were- forms share this base template. All the traits of this template apply in both the normal form and the Were- form.

The limitation Forced Change (Full Moons) forces the Were- to change to his Alternate Form during a Full Moon (at Moonrise) and stay changed for the duration of the Full Moon. At other times the Were- can change to or from his Alternate Form at freely.
