Congress. House, 2010 *The New Spirit of Capitalism* Luc Boltanski, Eve Chiapello, 2018-01-16 New edition of this major work examining the development of neoliberalism In this established classic sociologists Luc Boltanski and Eve Chiapello get to the heart of contemporary capitalism Delving deep into the latest management texts informing the thinking of employers the authors trace the contours of a new spirit of capitalism They argue that beginning in the mid 1970s capitalism abandoned the hierarchical Fordist work structure and developed a new network based form of organization founded on employee initiative and autonomy in the workplace a putative freedom bought at the cost of material and psychological security This was a spirit in tune with the libertarian and romantic currents of the period as epitomized by dressed down cool capitalists such as Bill Gates and Ben and Jerry and as the authors argue a more successful pernicious and subtle form of exploitation In this new edition the authors reflect on the reception of the book and the debates it has stimulated **Code of Federal Regulations, Title 17, Commodity and Securities Exchanges**, 2011-07-13 **The New Spirit of Capitalism** Eve Chiapello, Luc Boltanski, 2018-01-16 In this major work sociologists Luc Boltanski and Eve Chiapello go to the heart of the changes in contemporary capitalism Via an unprecedented analysis of the latest management texts that have formed the

thinking of employers in their reorganization of business the authors trace the contours of a new spirit of capitalism They argue that from the middle of the 1970s onwards capitalism abandoned the hierarchical Fordist work structure and developed a new network based form of organization that was founded on employee initiative and autonomy in the workplace a freedom that came at the cost of material and psychological security The authors connect this new spirit with the children of the libertarian and romantic currents of the late 1960s as epitomised by dressed down cool capitalists such as Bill Gates and Ben and Jerry arguing that they practice a more successful and subtle form of exploitation Now a classic work charting the sociological structure of neoliberalism Boltanski and Chiapello show how the new spirit triumphed thanks to a remarkable recuperation of the left's critique of the alienation of everyday life that simultaneously undermined their social critique In this new edition the two authors reflect on the reception of the book and the debates it has stimulated
