hunger and destitution **Behold the Man** Colleen Conway, 2008-05-07 In this book Colleen Conway looks at the construction of masculinity in New Testament depictions of Jesus. She argues that the New Testament writers necessarily engaged the predominant gender ideology of the Roman Empire whether consciously or unconsciously. Although the notion of what constituted ideal masculinity in Greek and Roman cultures certainly predated the Roman Empire, the emergence of the Principate concentrated this gender ideology on the figure of the emperor. Indeed, critical to the success of the empire was the portrayal of the emperor as the ideal man and the Roman citizen as one who aspired to be the same. Any person who was held up alongside the emperor as another source of authority would be assessed in terms of the cultural values represented in this Roman image of the manly man. Conway examines a variety of ancient ideas of masculinity as found in philosophical discourses, medical treatises, imperial documents, and ancient inscriptions. Manliness in these accounts was achieved through self-control over passions such as lust, anger, and greed. It was also gained through manly displays of courage, the endurance of pain and death on behalf of others. With these texts as a starting point, Conway shows how the New Testament writings approach Jesus' gender identity. From Paul's early letters to the Gospels and Acts to the book of Revelation, Christian writings in the Bible confront the potentially emasculating scandal of the cross and affirm Jesus as ideally masculine. Conway's study touches on such themes as the relationship between divinity and masculinity, the role of the body in relation to gender identity, and belief in Jesus as a means of achieving a more ideal form of masculinity. This impeccably researched and highly readable book reveals the importance of ancient gender ideology for the interpretation of Christian texts **Violence**

Without God Joyce Wexler, 2017-01-01 As twentieth-century writers confronted the political violence of their time, they were overcome by rhetorical despair. Unspeakable acts left writers speechless. They knew that the atrocities of the century had to be recorded, but how? A dead body does not explain itself, and the narrative of the suicide bomber is not the story of the child killed in the blast. In the past, communal beliefs had justified or condemned the most horrific acts, but the late nineteenth-century crisis of belief made it more difficult to come to terms with the meaning of violence. In this major new study, Joyce Wexler argues that this situation produced an aesthetic dilemma that writers solved by inventing new forms. Although Symbolism, Expressionism, Modernism, Magic Realism, and Postmodernism have been criticized for turning away from public events, these forms allowed writers to represent violence without imposing a specific meaning on events or claiming to explain them. Wexler's investigation of the way we think and write about violence takes her across national and period boundaries and into the work of some of the greatest writers of the century, among them Joseph Conrad, T. S. Eliot, D. H. Lawrence, James Joyce, Alfred D. H. Lawrence, G. B. Shaw, Gertrude Stein, E. E. Cummings, Gabriel Garcia Marquez, Salman Rushdie, and W. G. Sebald **Challenging**

the Myths of Gender Equality Michael Muonwe, 2014-07-26 **CHALLENGING THE MYTHS OF GENDER EQUALITY** THEOLOGY AND FEMINISM The book offers critical insight into the significance of synergy between feminist theory and theological anthropology in combating sexism in our society today. The analysis of feminism's challenge of male chauvinistic

discourse that has been for centuries an instrument of patriarchal manipulation is very elucidating The authors use of Genesis creation narrative to show how God intends that all live in love and communion and show equal regard to each other is exceptionally provocative Even though Michael believes that Jesus may not be rightly termed a feminist in the modern understanding of the term he demonstrates how Jesus critical stance towards some androcentric structures of his day is a testimony to his vision and mission of inclusive kingdom where all are equal The book is very important for anyone committed to ensuring a society devoid of gender based discriminations and violence Prof Dr Annemie Dillens remarks on the book is worth noting Michael Muonwe has made it clear that the experiences by women of social exclusion and disadvantage require a thorough dialogue between feminism and Christianity In a global context where Christianity and feminism are mutually condemning each other this book offers a profound insight into many differences within feminism and feminist theology and thus avoids all too easy generalizations Both the author and his work continue to encourage me and I hope all readers will also acknowledge the value the richness and the joy of doing theology Catholic University of Leuven Belgium According to Prof em Dr Peter Schmidt This book should be known by many not only by those who are already engaged on the problem of gender inequality but maybe still more by those who have no real knowledge of the problem and its urgency The author is not only an expert on the matter but both his clarity of thought and style and his genuine commitment to the cause make it a most commendable reading Catholic University of Leuven Belgium

Mitchell, 2021-11-25 The argument of Noir Fiction and Film is curiously counterintuitive that in a century of hard boiled fiction and detective films characteristics that at first seemed trivial swelled in importance flourishing into crucial aspects of the genre Among these are aimless descriptions of people and places irrelevant to plot along with detectives consisting of little more than sparkling dialogue and flippant attitudes What weaves together such features however seems to be a paradox that a genre rooted in solving a mystery structured around the gathering of clues must do so by misdirecting our attention

even withholding information we think we need to generate the suspense we also desire Yet successful noir stories and films enhance that suspense through passing diversions descriptive details and eccentric perspectives rather than depending on the center pieces of plot alone suspected motives or incriminating traces As the greatest practitioners of the genre have realized the how of detective fiction its stylistic detours draws us in more insistently than the what or the who its linear advance And the achievement of recent film noir is to make that how become the tantalizing object of our entire attention shorn of any pretense of reading for the plot immersing us in the diversionary delight that has animated the genre from the beginning **Saturday Review of Literature** ,1924 *Index to Book Reviews in Religion* ,1992 **New York Herald Tribune Books** ,1927 **Athenaeum and Literary Chronicle** James Silk Buckingham,John Sterling,Frederick Denison Maurice,Henry Stebbing,Charles Wentworth Dilke,Thomas Kibble Hervey,William Hepworth Dixon,Norman Maccoll,Vernon Horace Rendall,John Middleton Murry,1828 **Outlook** Alfred Emanuel Smith,Francis Walton,1889
