**Son of the Vision: English Version** Adrian Sarwono, 2025-10-12 Burdened with a mound of financial debt and a firm on the verge of collapse I realized that only a miracle could save me from this web of troubles Just like any good church member I sought a miracle from God by following all the religious truths I believed in An encounter with God caused me to recognize the fallacy of my own perspective The rebuke from my spiritual mentor along with my obedience and submission led me to the breakthrough I needed I finally discovered my life's vision on my journey walking on the vision that God gave to my church and spiritual father Son of the Vision SOTV is the outcome of extensive personal observation and deep reflection that have occurred over the course of several years It is a perspective principle and value system that transformed me from a spiritual beggar seeking miracles for personal gain to a son of the vision who receives the

*The Possibility of Transcendental Philosophy* J.N. Mohanty, 2012-12-06 These essays span a period of fourteen years The earliest was written in 1960 the latest in 1983 They all represent various attempts to understand the motives and the central concepts of Husserl's transcendental phenomenology and to locate the latter in the background of other varieties of transcendental philosophy Implicitly they also contain a defense of transcendental philosophy and make attempts to respond to the more familiar criticisms against it It is hoped that they will contribute to a better understanding not only of Husserl's transcendental phenomenology but also of transcendental philosophy in general The ordering of the essays is not chronological They are rather divided thematically into three groups The first group of six essays is concerned with relating Husserlian phenomenology to more contemporary analytic concerns in fact the opening essay on Husserl and Frege establishes a certain continuity of concern with my last published book with that title Of these Essay 2 was written for an American Philosophical Association Eastern Division symposium in which the other symposiast was John Searle The discussion in that symposium concentrated chiefly on the relation between intentionality and causality which led me to write Essay 6 later read as the Gurwitsch Memorial Lecture at the Society for Phenomenology and Existential Philosophy meetings in 1982 at Penn State
