**DRUGS, ROCK and WAR: The Boomer Generation** Daniel Muller, 2023-05-10 We have all heard the nicknames for the current generations in the news Besides the Silent Generation and the Greatest Generation born before 1946 there are Baby Boomers Generation X Generation Y also known as the Millennials and Generation Z In the past few years there has been an increasing amount of coverage and discussion about the growing frustration between these generations Some call it a generational war Much of the debate has to do with the Boomer generation with younger generations claiming various failures of this generation to provide a world or country that is sustainable and affordable TV shows podcasts newspaper and magazine articles movies and social media have increasingly begun analysis and discussion about this war It is a hot topic and unfortunately becoming more emotional Most of the analysis and coverage has to do with emerging information about each generation such as wealth accumulation party affiliation changing opinions habits values and relationships Facts and surveys abound discussing all of these aspects of the generations and more But we all innately understand that generalizations and summaries about the generations can be dangerous and can only tell a part of the story What is the answer to this generational conflict that is beginning to stress friendships acquaintances and even families How can we diffuse the emotion and get to positive solutions that will help heal the divide Daniel Muller attempts to understand this growing generational conflict at a more micro level namely by documenting and sharing the individual life stories of a somewhat random collection of everyday Baby Boomers Besides their life stories he relates their opinions about a series of hot topics today all in an attempt to better understand what linkages may exist between their environment families early and mid life years and how they think and behave today **SEX DRUGS ROCK and WAR The Boomer Generation** is an enjoyable collection of very diverse life stories In addition Muller shares a fascinating analysis of Boomer values and opinions and hypothesizes about the underlying potential causes of the growing conflict between generations Finally he shares his suggestions to calm the generational wars

**Rock On** Gary W. Griffiths, 2013-05-31 Class of 65 Rock On is a magical trip back to a time when life seemed less complicated and more carefree The sixties were so magical that we dared to believe the impossible dream that tomorrow would be better than today We even dreamed about building a more perfect society We were on a quest to fulfill the nations birthright and we were naive enough to believe that we could overcome any obstacles in our path Even after President Kennedys death we were unable to let the dream die My story is a fictional account of a group of kids from a small town in Wisconsin completing their senior year of high school in 1965 They were coming of age during a decade of turmoil and unrest President Kennedys assassination the civil rights movement and the growing war in Vietnam were the events changing the nation They lived in a place that was isolated from the headlines which were gripping the attention of the nation They realized the world was changing however they were committed to making their final year of high school

something they would remember for the rest of their lives The spirit of the sixties they embraced was found in the music they listened to the products they bought and the movies they watched Their focus was a love affair with being young They were the generation with a new explanation They were convinced that time was on their side and that it was endless They needed a lot of time to complete their bold experiment to change the world

**The Mountain School** Greg Alder,2013 The Kingdom of Lesotho is a mountainous enclave in southern Africa and like mountain zones throughout the world it is isolated steeped in tradition and home to few outsiders The people known as Basotho are respected in the area as the only tribe never to be defeated by European colonizers Greg Alder arrives in Tsoeneng in 2003 as the village s first foreign resident since 1966 Back then the Canadian priest who had been living there was robbed and murdered in his quarters Set up as a Peace Corps teacher at the village s secondary school Alder finds himself incompetent in so many unexpected ways How do you keep warm in this place where it snows but there is no electricity How do you feed yourself where there are no grocery stores let alone restaurants Tsoeneng is a world apart from his home in America but Alder persists in adapting He learns to grow food he learns to speak the strange local language and he makes enough friends such that he is eventually invited to participate in initiation rites Yet even as he seems accepted into the Tsoeneng fold he sees how much of an outsider he will always remain and perhaps want to remain The Mountain School is insightful and candid at times accepting and at times rebellious It is the ultimate tale of the transplant
