Fail U. Charles J. Sykes, 2016-08-09 The cost of a college degree has increased by 1 125% since 1978 four times the rate of inflation Total student debt has surpassed 1 3 trillion Nearly two thirds of all college students must borrow to study and the average student graduates with more than 30 000 in debt Many college graduates under twenty five years old are unemployed or underemployed And professors remember them rarely teach undergraduates at many major universities instead handing off their lecture halls to cheaper teaching assistants So is it worth it That s the question Charles J Sykes attempts to answer in Fail U exploring the staggering costs of a college education the sharp decline in tenured faculty and teaching loads the explosion of administrative jobs the grandiose building plans and the utter lack of preparedness for the real world that many now graduates face Fail U offers a different vision of higher education one that is affordable more productive and better suited to meet the needs of a diverse range of students and one that will actually be useful in their future careers and lives

UW Dairy Pipeline ,1990 Cosmo-Modernism and Theater in India Aparna Bhargava Dharwadker, 2025-08-05 Urban theater took shape in postindependence India as a large and complex field produced in more than sixteen major languages including Bengali Marathi Hindi Gujarati and Kannada The cosmopolitan engagement of leading playwrights with modernist and postcolonial literary movements around the world created distinctly new aesthetic and political approaches to Indian myth history and sociocultural experience which had become the most prominent subjects in modern Indian drama Yet even as critics and scholars of global modernism have increasingly turned their attention beyond North America and Europe they continue to focus on dominant world languages at the expense of multilingual cultures such as India s Despite their originality and significance modernist works written in Indian languages other than English remain neglected In Cosmo Modernism and Theater in India Aparna Bhargava Dharwadker develops a new framework for understanding non Anglophone Indian modernisms by recovering crucial

theoretical concepts and using them to analyze the writing staging and reception of major plays in multiple languages She argues that the output of prominent mid to late twentieth century playwrights such as Dharamvir Bharati Mohan Rakesh Badal Sircar Vijay Tendulkar Girish Karnad and Habib Tanvir registers a decisive rupture from nineteenth century forms of colonial modernity In representing the ancient Indian past the postcolonial urban present and the rich repertoire of precolonial performance traditions these authors works became highly inventive expressions of modernist classicism realism and traditionalism Dharwadker shows how a decommercialized performance economy and the incessant activity of translation further enhanced modernist production and she connects Indian modernisms to regional national and transnational networks Offering bold new insights into the theory and practice of modernist drama this book delivers a radical remapping of global modernisms *Assessment of Russian as a Foreign Language* Dmitrii Pastushenkov, Liya Zalaltdinova, 2025-07-29 *Assessment of Russian as a Foreign Language* Unlocking Proficiency explores recent research methodologies and practices in Russian language assessment offering a comprehensive guide for teachers researchers and administrators The volume examines learner centered and proficiency oriented assessment alongside technological innovations including automated proficiency assessment and constructionist approaches The book discusses emerging trends including social justice oriented assessment e g feminist approaches and ungrading positive psychology e g authorized cheat sheets and technological integration including game based assessments This volume provides a wealth of resources to advance Russian language assessment addressing a critical need in the field It serves as an invaluable resource enabling novice and experienced teachers to refine instructional strategies to support researchers in exploring advanced assessment techniques and helping administrators to enhance the overall learning experience *Feminist Collections* ,2015
