Powerful Frequencies Marissa J. Moorman, 2019-08-20 *Powerful Frequencies* details the central role that radio technology and broadcasting played in the formation of colonial Portuguese Southern Africa and the postcolonial nation state Angola In *Intonations* Marissa J Moorman examined the crucial relationship between music and Angolan independence during the 1960s and 70s Now Moorman turns to the history of Angolan radio as an instrument for Portuguese settlers the colonial state African nationalists and the postcolonial state They all used radio to project power while the latter employed it to challenge empire From the 1930s introduction of radio by settlers to the clandestine broadcasts of guerrilla groups to

radio's use in the Portuguese counterinsurgency strategy during the Cold War era and in developing the independent state's national and regional voice. *Powerful Frequencies* narrates a history of canny listeners, committed professionals and dissenting political movements. All of these employed radio's peculiarities: invisibility, ephemerality and its material effects to transgress social, political, physical and intellectual borders. *Powerful Frequencies* follows radio's traces in film, literature and music to illustrate how the technology's sonic power, even when it made some listeners anxious and frightened, created and transformed the late colonial and independent Angolan soundscape.

*Colonial Survey and Native Landscapes in Rural South Africa, 1850 - 1913* Lindsay F. Braun, 2014-10-16

In *Colonial Survey and Native Landscapes in Rural South Africa, 1850-1913*, Lindsay Frederick Braun explores the technical processes and struggles surrounding the creation and maintenance of boundaries and spaces in South Africa in the nineteenth and early twentieth centuries. The precision of surveyors and other colonial technicians lent these enterprises an illusion of irreproachable objectivity and authority, even though the reality was far messier. Using a wide range of archival and printed materials from survey departments, repositories and libraries, the author presents two distinct episodes of struggle over lands and livelihoods: one from the Eastern Cape and one from the former northern Transvaal. These cases expose the contingencies, contests and negotiations that fundamentally shaped these changing South African landscapes.

*To Democratize or Not? Trials and Tribulations in the Postcolonial World* Volkan Ipek, Ebru Ilter-Akarcay, 2020-07-06

This volume, a product of the first Tricontinental Conference organized by Yeditepe University, Istanbul, brings together perspectives on democracy and development in Africa, the Middle East and Latin America. Representing local voices and insight, the contributors here respond to the dearth of comparative analysis on these three regions. In spite of the differences observed in colonial practices and postcolonial transitions, a shared disenchantment with the performance of competitive politics comes to the forefront in these geographical areas. Decades after decolonization, low-intensity democracy and the continuing potential for democratic reversals and backsliding make the study of these three

regions relevant Considering the debates on protests social upheavals activism change and continuity this book encourages the reader to survey the various trials and tribulations of the postcolonial era Changing Climates, Ecosystems and Environments within Arid Southern Africa and Adjoining Regions Jörgen Runge, 2015-10-30 This book is volume 33 of the yearbook series Palaeoecology of Africa presenting the outcome of a tribute conference to the internationally recognized South African researcher and palynologist Professor Louis Scott He has recently retired but is continuing his active research career The conference proceedings and articles published here *Pretoria Student Law Review 2021-15* Pheny Nomasonto Morweši Sekati, 2022-01-01 About the publication I am delighted to present to you the reader the fifteenth edition of the Pretoria Student Law Review PSLR with its Special Section on Social Justice and COVID 19 This year's Annual Edition together with the developments made during the year is a testament to the growth resilience and adaptability of this student driven initiative especially during these turbulent times This year has also been one of reflection and remembrance as we publish this edition in tribute to the late Professor Christof Heyns whose instrumentality in the establishment of the Pretoria University Law Press PULP has brought us to where we are today Fourteen years since its inception and the PSLR still continues to grow and evolve whilst remaining true to its thriving legacy in fostering excellence and innovation through legal writing This publication's uniqueness is also presented through its diverse contributions all addressing contemporary societal and legal issues under a broad range of legal disciplines In an era of many continued firsts the PSLR has strived to build on the legacy of its predecessors by expanding on the Journal's visibility and accessibility The PSLR's digital presence has now grown substantially leading to an increase in quality submissions from institutions across the country This year the PSLR launched its first independent website and developed an official logo for the Journal and its online platforms Authors are now able to submit their papers through the Open Journals System platform track their workflow manage their submissions and submit at any time outside of the PSLR's official call for submissions We can firmly submit that we have in pursuance of being a DHET accredited journal fulfilled the standards set out by the Department of Higher Education and Training Many thanks are extended to Makone Maja for developing the website Your patience guidance and geniality are truly appreciated Thank you also to Jakolien Strydom and ClickCreate for your charitable assistance in developing and designing the logo To the authors this year has in many respects been challenging with many of those challenges affecting students directly We appreciate the dedicated efforts put into your submissions and your wholehearted cooperation throughout the entire process Much appreciation is also extended to the reviewers who have selflessly committed to assisting the PSLR during the peer review process To all of the reviewers your input guidance and recommendations are greatly appreciated Pheny Nomasonto Morwesi Sekati Editor in Chief 2020 **Advanced Wind Turbines** Teik-cheng Lim, Palanisamy Mohan Kumar, Sivalingam Krishnamoorthi, 2023-09-13 How can non windy places make use of wind power for electricity generation Advanced Wind Turbines provides detailed information that is of great practical importance to wind turbine practitioners from small and
