This Remote Starter with Ignition Entry System has been designed to be installed on vehicles equipped with an immobilizer system (e.g.,

- Do not install this remote starter on a manual transmission vehicle.
- The system must be installed and wired through a safety switch so it will not start in any forward or reverse gear.
- Once you install this system, you must verify that the vehicle will not start in any forward or reverse gear, regardless of the type of vehicle.
- Read the operation manual for operating.
- Do not install any components near the engine, gas leaks or electrical wiring.
- Some vehicles have a factory installed transponder immobilizer system that will disable vehicles the installation. There is a possibility that this system cannot be installed on some immobilizer equipped vehicles.
- Start vehicles have an ABS or any system, the system can and do not cause any work of the ABS system.
- Disconnect the air battery before beginning work on the vehicle.
- Check vehicle points before wiring any other device that is wiring harness or other components are located before the points that must otherwise be damaged.
- Do not use conventional battery cable, build on any wiring. Poor wiring, or short circuit will possibly introduce electricity into the alarm system and may result in false alarms or incorrect operation.
- The suggested installation of connection points, install the wiring using proper technique to prevent short or ground possible damage to wires.
