Mr Chairman,  
Ladies and Gentlemen,  
Good Evening!

On this beautiful evening and at this nice place, we meet here to warmly celebrate the 10th ITTC conference a complete success. On behalf of 100,000 colleagues from China's shipbuilding industry, I would like to extend my warmest welcome to all the specialists and guests from different countries. This name reminds me of a famous article named "Preface to Prince Teng's Pavilion" from Wang Bi, the literateur from the ancient Tang dynasty. He said, "Today we are so lucky to have all the fine good things at once, they are nice day, beautiful scenery, simple joy and pleasant event. And it is even more precious to have hospitable host and respectable guests with friendship to each other".

It has been more than 60 years since ITTC was founded in 1953, however, it's still a well-known international academic organization with youth and vitality. Scholars from various countries regularly meet to discuss issues of common interest related to ship sciences and push forward ship R&D, from which the global shipbuilding industry benefits a lot.

In this May, the "Belt and Road Forum for International Cooperation" was successfully held in Beijing. Government leaders and politicians met in Beijing to discuss issues of vital importance and reached relevant consensus. It opened up a new era to develop and promote the Silk Road Economic Belt as well as the Maritime Silk Road. It also creates new opportunities and space for the international shipbuilding industry.

As the largest shipbuilding and repairing group in China, China Shipbuilding Industry Corporation (CSIC) has the most complete ship auxiliary equipment and integrated ship design and research capabilities in China with an annual shipbuilding capacity of 15 million tonnage. Now we have 28 research institutes, more than 40,000 R&D staff and designers as well as a large number of manufacturing companies. In the Fortune Global 500 list 2017, we ranked No. 213, being the largest ship-building group worldwide.
