*From the Fords of the Jordan to the Plain of Shinar* Albert Peter Krueger,2016-08-02 The threat of apocalypse is meat for the postmodern world The possibility that it will happen is a hook for book buyers and moviegoers throughout the Western world But what is it that happens in the apocalypse The Rev Albert Krueger challenges the standard view of apocalypse in *From the Fords of the Jordan to the Plain of Shinar* by seeing the Bible through a different frame of reference the notion that apocalypse is the leaven which gives rise to the canon of the Old Testament and the conclusive testimony of the New He brings the fruit of a lifetime of preaching the Gospel studying the scriptures and the practicing the art of philosophical reflection to this radical new approach Giving credence to both the valid discoveries of modern research and the consistency of the biblical message as a whole Krueger demonstrates that apocalypse is an idea and an experience as well as an expectation It is the governing principle of a way of life Krueger s style of writing is part anecdote part historical narrative and part Bible study During his journey from Ezekiel to Paul he encourages the reader to ask new and biblically informed questions regarding contemporary Christian assumptions expectations and hopes in the world today These questions emerge through a reformatting of the text which reveals a fourfold overlay of biblical worlds rather than the standard linear progression from the moment of creation to the advent of doom While *From the Fords of the Jordan to the Plain of Shinar* is a stand alone work a follow up work is in the hopper In this sequel Krueger intends to consider the apocalyptic idea to be the hidden organizing principle of Western civilization Just as the question of what happens in apocalypse needs to be addressed so does the question of what ends when a world ends
