

## Guided Reading Activity Answer Key

### Lesson 3 The National State and Democracy {pages 575-579}

1) What were three signs that democracy was expanding in Western Europe?

Universal male suffrage laws were passed; in countries with a prime minister, the prime minister was responsible to the popularly elected legislative body rather than a king or president; political parties formed.

2) What were the three main political parties in Great Britain during the 1800s? Describe the efforts made by each to gain popular support.

The Conservative party helped pass laws that expanded the right to vote; the Liberal also helped pass voting rights laws and voted for social reforms such as unemployment benefits and old-age pensions; the Labour party dedicated itself to the interest of workers.

Mexal, 2020-04-01 Founded in

1868 the Overland Monthly was a San Francisco based literary magazine whose mix of humor pathos and romantic nostalgia for a lost frontier was an immediate sensation on the East Coast Due in part to a regional desire to attract settlers and financial investment the essays and short fiction published in the Overland Monthly often portrayed the American West as a civilized evolution of and not a savage regression from eastern bourgeois modernity and democracy Stories about the American West have for centuries been integral to the way we imagine freedom the individual and the possibility for alternate political realities Reading for Liberalism examines the shifting literary and narrative construction of liberal selfhood in California in the late nineteenth century through case studies of a number of western American writers who wrote for the Overland Monthly including Noah Brooks Ina Coolbrith Bret Harte Jack London John Muir and Frank Norris among others Reading for Liberalism argues that Harte the magazine s founding editor and the other members of the Overland group critiqued and reimagined the often invisible fabric of American freedom Reading for Liberalism uncovers and examines in the text of the Overland Monthly the relationship between wilderness literature race and the production of individual freedom in late nineteenth century California

Congress, 2000 The *Congressional Record* is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The *Congressional Record* began publication in 1873 Debates for sessions prior to 1873 are recorded in *The Debates and Proceedings in the Congress of the United States* 1789 1824 the *Register of Debates in Congress* 1824 1837 and the *Congressional Globe* 1833 1873 Elections In Independent Africa Fred M. Hayward, 2019-08-27 The electoral process has been an integral part of the political landscape of independent Africa for more than a quarter century and has roots going back to traditional African societies An examination of the independence period demonstrates the rich diversity of forms experiences and meanings of elections in Africa For some observers elections are a clear example of multiple failures in Africa the failure of democracy and institutional transfer and the breakdown of much of the African political process in general The authors of this book argue that elections in Africa have played a much more significant role than has

commonly been recognized that in spite of problems elections are an important part of African contemporary political life. It has been too easy to dismiss elections in Africa as irrelevant because there are fewer today than there were two decades ago or because they have frequently failed to conform to democratic norms. However, in a period in which the primary trends of government are toward exclusion, African elections provide one of the few instruments of political action open to civil society. This study of the electoral process suggests a number of themes and conclusions about the relationship of the electoral process to state power and institutions: elite competition, mass participation, legitimacy and its limits, ethnic conflict, mobilization, party competition, authoritarian regimes, the growing incidence of electoral violence, and mass support for democratic values. Fred M. Hayward's substantive introduction discusses the electoral process in general. Eight case studies of key African countries then illustrate the varied meanings and implications of elections in independent Africa, and in the final chapter Hayward draws conclusions about the role and impact of elections. It is clear that although electoral processes have demonstrated a certain fragility, both the form and the process have shown remarkable resilience.

The Legality of Economic Activities in Occupied Territories, Antoine Duval, Eva Kassoti, 2020-06-09. This edited volume explores the question of the lawfulness under international law of economic activities in occupied territories from the perspectives of international law, EU law, and business and human rights. Providing a multi-level overview of relevant practices, policies, and cases, the book is divided into three parts, each dealing with how different legal fields have come to grips with the challenges brought about by the question of the lawfulness under international law of economic activities in occupied territories. The first part includes contributions pertaining to the international law dimension of the question. It contains chapters on the conjunction between *jus in bello*, *jus ad bellum*, and international human rights law in the context of exploitation of natural resources in territories under belligerent occupation, on third-party obligations flowing from the application of occupation law in relation to natural resources exploitation, and on State practice with regards to trading with occupied territories. The second part focuses on EU law and contains contributions that assess the EU's approach to occupied territories and the extent to which this approach comports with the EU's obligations under international law. Contributions providing an in-depth assessment of the case law of the CJEU on occupied territories, as well as contributions pertaining to the political considerations that may influence the legal framing of questions pertaining to occupied territories.

The final part focuses on the business and human rights perspective with chapters on investment arbitration as a means for holding the occupant accountable for its conduct towards foreign investments and investors on the role and impact of the soft law framework governing corporate activity such as the UN Guiding Principles on business involvement with occupied territories as well as a final case study on the dispute involving Israeli football activity in settlements located in the OPT and the legal responsibility of FIFA in this regard The book will appeal to academics practitioners and policy makers alike
