When Jack is attacked by a powerful werewolf one moonlit night his world is forever changed. Marcus is that wolf, the strong leader of his pack who never imagined a mere mortal could ever escape him, much less ever become one of his kind. And yet as time passes he can't deny the handsome human is slowly beginning to change. No longer the civilized architect he used to be, Jack feels a new power coalescing inside of him. He barely even recognizes himself as he becomes more sexual, more impulsive, more wild in every way. But as the bite transforms him, it also binds he and his attacker together forever. The two share a powerful unbreakable link, no matter how forcefully they may each try to deny it. Marcus is already hiding secrets from the other wolves and his position as Alpha is threatened. Could Jack be the new ally Marcus needs to set things right, or will their desire for one another draw them away from all they know and alter the course of their lives forever. P 4 of cover
